Two Refugees Sentenced To Prison As Soviet Spies

Dio And Two Others Asked \$396,000 For Quitting UAW

Gangster Was Paid \$16,000, Probe Told

WASHINGTON, Aug. 9 (P)—The Senate Rackets Committee was told today that the old AFL Auto Workers let gangster Johnny (Dio) Dioguardia and two others set \$396,000 as their price for leaving the union.

Committee Counsel Robert F. Kennedy thus summed up the evidence just before the senators recessed their hearing for the week-end. The committee is investigating allegations of improper labor-management activities.

The last witness was Earl Heaton, outgoing president of the Allied Industrial Workers (AFL-CIO), the new name of the Auto Workers.

Heaton testified that Anthony Doria, ousted secretary-treasurer of the Allied Industrial Workers, was promised \$80,000 if he got out of the union. Doria was involved in welfare fund scandals.

Doria Sues For Balance

Actually Doria has received only \$25,000, plus a union-owned Cadillac, Heaton said, and he is suing to collect on union notes for the balance.

Heaton told the investigators Dio got \$16,000 when he left the old union in 1954. It was also testified that Angelo Inciso was allowed to take along a Chicago local with assets of \$300,000 when he departed under fire from the UAW.

The committee has produced evidence that Dio, while ostensibly out of the union, retained a firm hand in its affairs behind the scenes.

Heaton also testified that James R. Hoffa, a vice president of the Teamsters Union, and Dio were "more than speaking acquaintances."

Prodded to say just how friendly Hoffa and Dio were, Heaton said, "Well, that's a matter of degree."

Hoffa, Dio Seen Together

But the witness said he had seen Hoffa and Dio together at labor conventions.

Questioners, try as they might, could get him to go no further than agree with them that Hoffa and Dio were more than speaking acquaintances.

Chairman McClellan (D-Ark.) and other members of the committee are digging for evidence in advance of Hoffa's appearance as a witness, to buttress their contention that there is a corrupt alliance between Hoffa and Dio.

Dio himself shed no light on this. He claimed the privilege against self-incrimination yesterday when asked whether he knew Hoffa. He claimed it 139 other times.

House Alters, Passes Atom Construction Bill

WASHINGTON, Aug. 9 (P)—A 337-million-dollar atomic construction bill won House approval today after being altered to meet Republican objections that it was designed originally "to promote the growth of public power."

The bill was passed by a 382-14 roll-call vote after Republicans, with some scattered Democratic help, had knocked out authorization for two experimental reactors and an order requiring the Atomic Energy Commission to build reactors for public power groups.

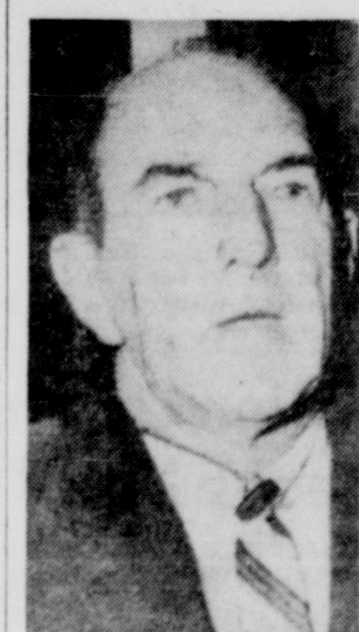

Plight Of Three Surviving Alps Climbers Desperate

GRINDELWALD, Switzerland, Aug. 9 (P)—Death borne on a howling, snow-laden gale was believed tonight to have struck one of four climbers trapped on Eiger Mountain. Hope for the other three dwindled.

The storm of the endless winter high in the Swiss Alps lashed the three men who had been observed as desperate survivors at nightfall. The overhanging north wall where they clung for their sixth night had claimed 18 lives in the past on this route to the top of the 13,036-foot peak.

When last seen through a telescope Friday evening, the three were still 1,200 feet short of the summit. Edging upward through a vertical tunnel.

Rescue people said that if there is no break in the weather, a nine-man rescue team scheduled to climb the Eiger tomorrow will not be able to leave.

Jacob Albam, Mrs. Sobel Get 5½-Year Terms

NEW YORK, Aug. 9 (P)—Two European refugees who found a haven in this country were sentenced today to 5½ years each in prison for spying on the United States for Russia.

At the same time, Col. Rudolph Ivanovich Abel, was held without bail in another federal court on an entirely different spy charge. He was indicted Wednesday by a federal grand jury in Brooklyn and faces a possible death sentence if convicted.

Sent to prison from U.S. District Court in Manhattan were Jacob Albam, 64, who came here from Lithuania; and Mrs. Myra Sobel, 52, born in Russia. They seemed taken aback by the sentence. The blonde Mrs. Sobel had laughed in court when arrested. Today she wept.

Hoped For Greater Leniency

The pair had pleaded guilty to reduced espionage charges, thus avoiding the possibility of the death sentence under the original indictment. Maximum sentences under their pleas were 10 years each and fines. No fines were levied.

Their cooperation with the government in baring secrets of the spy ring apparently led them to hope for greater leniency. The government also said neither of them was an important cog in a ring headed by Mrs. Sobel's husband, Jack. He is to be sentenced Sept. 18.

Acting U.S. Atty. Thomas B. Gilchrist Jr., told sentencing Dist. Judge Richard H. Levett that Mrs. Sobel played the part of a wife doing the bidding of her husband and at no time did she initiate any action in furtherance of the objects of the conspiracy "nor commit any overt act other than at the direction of her husband."

Abel Posed As Artist

Abel, 55, who appeared in court in Brooklyn, had no direct connection with the activities of the Sobel ring. He posed for nine years as a Brooklyn artist while, the government said, he collected atomic and military data for transmission to Moscow.

Abel was held without bail for a further hearing Tuesday to give him time to get a lawyer.

A wispy, disheveled man, looking not at all like a top-flight espionage agent, Abel said the Russian government has made no move on his behalf since his indictment.

Senate Passes TVA Bond Bill

WASHINGTON, Aug. 9 (P)—The Senate tonight passed and sent to the House a bill to permit the Tennessee Valley Authority to issue 750 million dollars in revenue bonds to expand its power facilities.

Passage was by a 61-20 roll-call vote after two hours of debate. The bill is designed to break the deadlock over TVA financing which has seen Congress consistently refuse to vote new appropriations for steam plants in recent years.

At the same time, members of Congress from the TVA area say the agency will be unable to meet power needs of its service area by the winter of 1959-60 without additional steam plants.

The money which would be raised by the bond issues could be used to build steam plants and other projects.

House Demos Agree To Consider Tax Cut

WASHINGTON, Aug. 9 (P)—House Democrats agreed today to consider income tax cuts at the next session of Congress starting in January.

The decision was reached at a closed-door conference of Speaker Rayburn of Texas and Democratic members of the Ways and Means Committee which handles tax legislation.

The action was interpreted to mean that Democrats are determined to have standby tax reduction legislation on the shelf ready for enactment when the budget permits general tax relief.

There was no indication that today's meeting dealt to any extent with the form that the tax cut might take.

Admitted Spies Leave Court

Jack Sobel, 54, despite handcuffs, holds his wife, Myra, 53, by the arm as they leave federal courthouse in New York yesterday for federal house of detention. Federal Judge Richard H. Levett sentenced Mrs. Sobel and Jacob Albam to 5½ years in prison as admitted spies for Russia. Sobel, like his wife, pleaded guilty to the spying charges and will be sentenced Sept. 18.

Rayburn Favors Senate Version Of Rights Bill

WASHINGTON, Aug. 9 (P)—House Speaker Rayburn (D-Tex.) called on the House today to accept the Senate's version of the civil rights bill. But he left the door open for a compromise.

Rayburn, leader of the Democratic majority in the House, said that while he is for the Senate bill as it stands he would be willing to limit the terms of its controversial jury trial amendment.

His statement definitely improved the chances of the House and Senate getting together on civil rights legislation which President Eisenhower would be willing to sign.

Eisenhower opposes the Senate's jury trial amendment as a danger to the power of federal courts to enforce their orders in injunction cases. Administration sources say he would veto any bill so amended.

House GOP Leader Martin of Massachusetts demanded that the Senate's version be rejected. He produced a letter from Rep. Atty. Gen. William P. Rogers which said of the jury trial amendment: "The practical effect, if adopted, will be to hamper not only the enforcement of the civil rights bill itself, but also to make it much more difficult to enforce federal law and policy in other vital areas involving the public interest."

The Senate attached the amendment to a section which would authorize the attorney general to ask for federal court injunctions against any violation or threatened violation of voting rights. Injunctions are enforced by contempt of court proceedings against those who violate them.

Under the disputed amendment, jury trials would be guaranteed in all cases of criminal contempt under a great variety of federal laws including the antitrust and labor statutes. Such cases are now tried by a judge alone.

No House action on the Senate bill was in prospect before next week. Behind the scenes, however, negotiations were under way to limit the jury trial amendment solely to voting right cases.

Rayburn approved such a limitation in a talk with reporters. "It would be perfectly satisfactory to many of us," he said, "if the jury trial amendment were so rewritten as to apply to trial by jury as it applies to this bill."

Million Federal Workers Voted Pay Hike By House

WASHINGTON, Aug. 9 (P)—An 11 per cent annual pay raise for the government's one million white collar workers was approved overwhelmingly by the House today despite President Eisenhower's opposition.

The measure was passed by a roll-call vote of 329-58. This was 71 votes more than would be needed to override the presidential veto predicted by some House leaders.

However, the measure must still be approved by the Senate. A bill providing for a 7½ per cent raise is pending in that chamber. The House batted down a proposal to limit its bill to 7½ per cent.

At 11 per cent, the increase figures out to be about 530 million dollars a year.

Eisenhower has taken a stand against a general pay increase for federal workers at this time. He said anything that could add to the government's one million white collar workers was approved overwhelmingly by the House today despite President Eisenhower's opposition.

British Charge Reds Are Arming Yemen

The Soviet Union is reported infiltrating another section of the Arab world with a supply of arms to the desert kingdom of Yemen. The Russians also may be sending more submarines to the eastern Mediterranean for the Syrian-Egyptian axis.

Britain accused Russia yesterday of sending six or seven ships loaded of propeller-driven planes, old T34 tanks, troop carriers, artillery and small arms this year to Yemen, a remote realm of 4½ million Arabs on the Red Sea side of the Arabian Peninsula.

Baby Carriage Stuck On Track; Train Kills Tots

HURON, Ohio, Aug. 9 (P)—A baby carriage wheel got stuck in a railroad track today and a speeding mail train killed two small children and critically injured their mother.

Mrs. Leonard Ball of Huron was wheeling 8-week-old Ruth Arlene in the carriage, and leading Mary Ann, 3, by the hand.

Firemen S. J. de Falco of the Chicago-to-Cleveland New York Central train said he saw the mother struggling with the carriage as the train approached at 80 miles an hour.

He said the older child was standing away from the tracks when he first saw them, but in the confusion just before the collision, she ran to her mother and was hit too.

Khrushchev Sees Communist World

BERLIN, Aug. 9 (P)—Russia's Communist party boss Nikita Khrushchev tonight stood bareheaded in the rain and shouted his conviction that communism will peacefully conquer the world.

He predicted to thousands of chanting Communists massed in East Germany's Leipzig Sports Stadium that the Western countries sooner or later will go Communist.

Against a backdrop of massed party uniforms, blaring trumpets and flaming fireworks reminiscent of old Hitler rallies, Khrushchev called upon the German people to stand with the Russians for peace and Socialism.

Tax Cut Proposal

WASHINGTON, Aug. 9 (P)—Sen. Yarborough (D-Tex.) proposed today an across-the-board income tax cut through an increase in personal exemptions from the present \$600 per individual to \$800.

His report of the prospective naval acquisitions coincided with a mysterious voyage by two Polish submarines down Britain's east coast. The British navy shadowed them. There was widespread speculation as to their purpose.

Similar instruction has been given to the Egyptians and Syrians after they broke the ice by buying Red arms.

Red submarines got back in the news, from Cairo to London. A Syrian source in Cairo said Syria expects to get two small submarines and six torpedo boats as part of a new Soviet aid agreement signed Tuesday in Moscow.

The Egyptians took delivery of three submarines last month. Moscow announcements of the Soviet-Syrian aid agreement did not mention arms. They told only of a wide range of Soviet economic and technical assistance to Syria, which is doing business with the Russians largely on the cuff. The Syrian informant said the aid would amount to 66 to 100 million dollars.

Gunmen Holding Five Hostage Surrender

CANTON, Ohio, Aug. 9 (P)—Three gunmen surrendered tonight to the more than 100 policemen who surrounded a farmhouse in which they had held a family as hostage since last night.

Police learned today that the men were holding five hostages after Russell Fernstermaker escaped, on the pretext of milking cows.

The gunmen were tentatively identified as Bob Kline, 20, Billy Rhodes, about 20, and Walter Miller, 20, of Puento, Calif. They were brought to the Stark County jail here.

Chilling Mystery

READING, Pa., Aug. 9 (P)—A chemical researcher said today the two chunks of ice that fell on the farm of Edwin Groff July 30 may have been blown thousands of miles in a jet stream.

The ice had been kept by Groff in his home freezer since they nearly struck him on the head. The size of the ice cakes—one nearly 50 pounds and the other half that weight—attracted considerable interest in this area.

Storm Moves Inland Across Audrey's Path

Winds Drop Below Hurricane Force, Whip 5-Foot Tides

NEW ORLEANS, Aug. 9 (P)—Tropical storm Bertha, no longer a hurricane, moved inland tonight and was crossing the path followed by its murderous sister of six weeks ago, Hurricane Audrey.

G. L. Allen, forecaster at the New Orleans Weather Bureau, said Bertha apparently was headed in the direction of Lufkin in east-central Texas.

Allen said Bertha was crossing Audrey's path near Cameron, La., about 7 p.m.

The Weather Bureau's 7 p.m. bulletin located the center of Bertha about 20 miles south of Lake Charles, La.

Five-Foot Tide Reported

The bulletin said the highest tide reported along the central Louisiana coast was five feet and the highest wind from a reliable source was 65 m.p.h.

The storm was moving northwesterly about 12 m.p.h. The bulletin said hurricane warnings would remain displayed from Galveston, Tex., to Vermilion Bay, La., and storm warnings on the east Louisiana coast.

The Weather Bureau reduced Bertha's classification to a tropical storm when its winds dropped below 75 miles an hour, the minimum velocity of a hurricane.

Fewer persons apparently were in Bertha's way when it reached the Cameron area. Most coastal residents, their stubbornness washed away by Audrey's tides, fled to higher grounds at first warning.

Cameron Almost Deserted

Earlier tides of five to six feet, more than four feet above normal, were predicted for Galveston and Sabine Pass, Tex., while lesser swellings of three to five feet were forecast for the central Louisiana coastline.

The small fishing and hunting town of Cameron in extreme southwest Louisiana, all but eradicated by Audrey's merciless hammering, was almost deserted. Residents fled to Lake Charles, 60 miles to the north.

Some of the Cajun inhabitants of the marshy coastlands clung to their hardy outlook and chose to battle the tropical menace.

Mailers' Strike Shuts Down Six Boston Papers

BOSTON, Aug. 9 (P)—A walkout of some 300 mailers at 6 p.m. tonight shut down six Boston daily newspapers in a dispute over wages.

Picket lines of the mailers were honored by members of mechanical unions outside the plants of the Globe, Herald-Traveler and Record-American-Advertiser.

A spokesman for the publishers said no attempt would be made to publish during the strike.

Joseph P. Bailey, third vice president of the International Typographical Union, said the mailers would not attempt to stop any one crossing the lines.

Some 5,000 employees on the papers would be affected by a complete shutdown.

The mailers distribute the papers from the presses to the loading platforms. The union is a subsidiary of the ITU.

Crop Outlook Better

WASHINGTON, Aug. 9 (P)—The Agriculture Department reported today that crop prospects made some gains during July and now promise production approaching the average of the last five years.

Dulles Tells Russia:

U.S. Won't Stop A-Tests Unless Output Is Halted

Stand Clarified For Red Leaders

By JOHN M. HIGHTOWER

WASHINGTON, Aug. 9 (AP)—Secretary of State Dulles has sent word to the Kremlin that the United States will never agree to stop testing atomic weapons without a simultaneous agreement to stop making them.

American officials hope this reply to a Soviet inquiry will finally convince Soviet leaders that they have no prospect of winning American, or Western, acceptance of their test-suspension plan. Russia wants to call off tests for two or three years apart from any other step in disarmament.

Dulles and his associates would know better how to estimate Soviet reaction to the U. S. position on this point—and in fact, on a whole range of diplomatic questions—if they felt they knew who is really running Soviet foreign policy.

But the identity of the mind behind Kremlin diplomacy is described here as a real mystery. It is more baffling than some that Moscow has produced in the past years because the identities of the top authorities are of course well-known. Dulles has asked intelligence agencies to study the puzzle and come up with a solution.

Dulles gave his emphatic rejoinder on atomic test policy to Soviet Ambassador Valerian Zorin in London last week. They talked privately at a luncheon. Zorin is Russia's top disarmament negotiator.

In the course of a private conversation he raised two principal topics with Dulles, according to information which subsequently became available in Washington. One of these was the standard issue of German disarmament.

Dulles gave the established American reply on this question—that the United States is not concerned because the best protection for the world against a resurgence of German militarism is the integration of Germany's forces with those of other countries as in the North Atlantic Treaty Organization.

Zorin then bluntly asked whether the United States made a firm link between suspension of atomic tests and a cutoff in the manufacture of atomic weapons.

He told Zorin that there was a link and declared that the United States must continue to test weapons unless a suspension can be worked out as part of an overall scheme to reduce the risk of war.

China Bid Accepted By 40 Americans

MOSCOW, Aug. 9 (AP)—About two score Americans attending Moscow's World Youth Festival—all aware of State Department opposition—today accepted invitations to visit Red China.

They plan to leave Moscow for Peking shortly after the festival winds up Sunday.

Fifteen Americans including eight members of the group's administrative committee, will make the three-week trip with expenses paid as guests of Premier Chou En-lai's government.

The others will be asked to pay a token \$100 each for transportation to and from China and for all expenses of their tour.

While this group looked forward to the long journey east, one of the 150 Americans participating in the Moscow festival appeared on the verge of defecting to the Soviet Union.

A dependable source said defection was planned by a World War II veteran in his early 30s and he may already have taken the first steps. His name was not disclosed.

The veteran has not been seen in the Americans' hotel at the Moscow Agricultural Exposition since Wednesday. Friends said he is ill with influenza in an infirmary and no one could see him.

Two other Americans said they are considering staying on in Moscow for study after the festival ends.

Interior Dept. Approves Save Constellation Drive

WASHINGTON, Aug. 9 (AP)—The Interior Department today gave its approval to provisions of pending legislation designed to provide a suitable berth for the historic frigate Constellation at the Ft. McHenry National monument and historic shrine at Baltimore.

However, the department expressed opposition to other provisions in the Senate bill which would require the federal government to share equally in restoring the vessel at a cost estimated at four million dollars.

"The Constellation was given under a 1954 law to the Constellation Commission of Maryland for restoration as a public memorial at Baltimore. The commission, assisted by the city, has planned a campaign to raise funds to finance the restoration.

Asst. Secretary Roger Ernst stated the department's position in a letter to Chairman Murray of the Senate Interior Committee. Ernst wrote:

REPORTED STOWAWAY — A woman identified by the French Line as Mrs. Grace Jackson Clark (above), New Kensington, Pa., has been caught as a stowaway aboard the liner Ile de France now sailing across the Atlantic. This picture of Mrs. Clark was made in Washington Jan. 13, 1955, when she strode to the rostrum of the House of Representatives and told Speaker Sam Rayburn she wanted to address the House. Solons Oppose Proposed Pact With Pakistan

WASHINGTON, Aug. 9 (AP)—The Senate Foreign Relations Committee was told today that a proposed agreement with Pakistan would give U. S. firms operating there credit against their income taxes for taxes they do not pay to Pakistan.

Several members voiced strong opposition to the agreement, which the Senate has been asked to ratify. Sens. Morse (D-Ore) and Aiken (R-Vt) said they will insist that the agreement be referred to the Senate Finance Committee for study.

Under treaties which this nation has with many other countries for avoidance of double taxation, an American firm investing abroad gets credit against its U. S. taxes for the taxes it actually pays to a foreign government.

Under the tax laws of Pakistan, a business qualifying as a new enterprise may obtain tax exemption for five years on profits up to 5 per cent of invested capital, and dividends paid from such profits may be exempt.

A newly negotiated tax convention with Pakistan provides that the amount by which a U. S. firm's Pakistan tax bill is reduced should be treated, for U. S. tax purposes, as if the amount had actually been paid.

Stanley S. Surrey of the Harvard law school told the committee that if such treatment is approved in the case of Pakistan, "it will have to be extended to a great many other countries of the world."

Portsmouth Hotel Fire Routs Score

PORTSMOUTH, Va., Aug. 9 (AP)—An early morning blaze swept the upper floors of the 101-year-old Monroe Hotel today routing 20 guests from their beds. Among them was a 98-year-old woman.

Firemen battled the blaze in the five-story brick and frame hotel for four hours before getting it under control. There were no injuries other than a policeman being overcome by smoke. He was treated at a hospital and allowed to return to duty. Fire officials said the damage would run above \$100,000.

Mrs. Mary L. Jenkins, the oldest resident who has lived at the hotel for 25 years, escaped in her night clothing and salvaged only her purse and rings.

"The Constellation is the oldest United States naval vessel in existence and we have been sympathetic to the efforts of many public spirited persons and organizations to bring about the restoration of this vessel. . . .

"We are agreeable to the transfer of the Constellation to the administrative jurisdiction of this department and its subsequent maintenance and display at Ft. McHenry national monument and historic shrine with the understanding that the vessel is to be restored without federal expense. This is consistent with the 1954 act which authorized transfer of the vessel to the commission."

Ernst said the National Park Service had tentative plans for berthing the historic frigate in a basin at Ft. McHenry.

The Constellation was launched in Baltimore Sept. 7, 1797. Her sister ship, the Constitution, was completed Oct. 21, 1797. The latter frigate is on public display at the Boston Naval Shipyard.

Actress Named As Confidential Info Supplier

LOS ANGELES, Aug. 9 (AP)—A former editor of Confidential testified today that actress Francesca de Scaffa offered to supply the scandal magazine with stories "even if I have to have an affair with the man involved."

New York magazine writer Howard Rushmore told a conspiracy trial jury that Miss de Scaffa, former wife of actor Bruce Cabot, had supplied much information for Confidential's stories and came to New York several times to confer with publisher Robert Harrison.

"She told us she had access to practically every home in Hollywood, and an almost unlimited circle of friends, that she knew all the secrets and could get the stories we wanted," Rushmore said. He said she added, smilingly, she would get the material even if it involved affairs for her and male subjects.

This was the first lively testimony at the trial of Confidential, its sister publication, Whisper, and various individuals on charges they conspired to commit criminal libel.

New sensations appear likely because of a judge's ruling at the start of this, the fourth day of the case. Superior Court Judge Herbert V. Walker denied a motion by an attorney for actor Tab Hunter to be excused from testifying.

This apparently means that more than 100 subpoenaed witnesses may be called, including many stars who have been featured in Confidential and Whisper stories.

Rushmore said Miss de Scaffa telephoned a young starlet from New York "to get this star to give on the telephone information for a story that an attorney said was not clear." He said a recording was made of the conversation.

Another method of getting information for the magazine, said Rushmore, was equipping Miss de Scaffa with a wrist microphone leading to a recording device inside her coat.

Steel Price Hike Effects Debated

WASHINGTON, Aug. 9 (AP)—Sen. Kefauver (D-Tenn) tangled with steel-maker Roger M. Blough today over the effect on living costs of a recent increase in the price of steel.

Blough, board chairman of the U. S. Steel Corp., did not dispute Kefauver's contention that the steel price increase amounted to more than 50 million dollars a year but he sharply challenged estimates cited by the senator on how much it would add to the cost of producing automobiles, appliances, tractors and other products made with steel.

Kefauver said Blough was trying to leave the impression that the price increase was "inconsequential." He said it wasn't a "negligible" amount and that "somebody has to pay it."

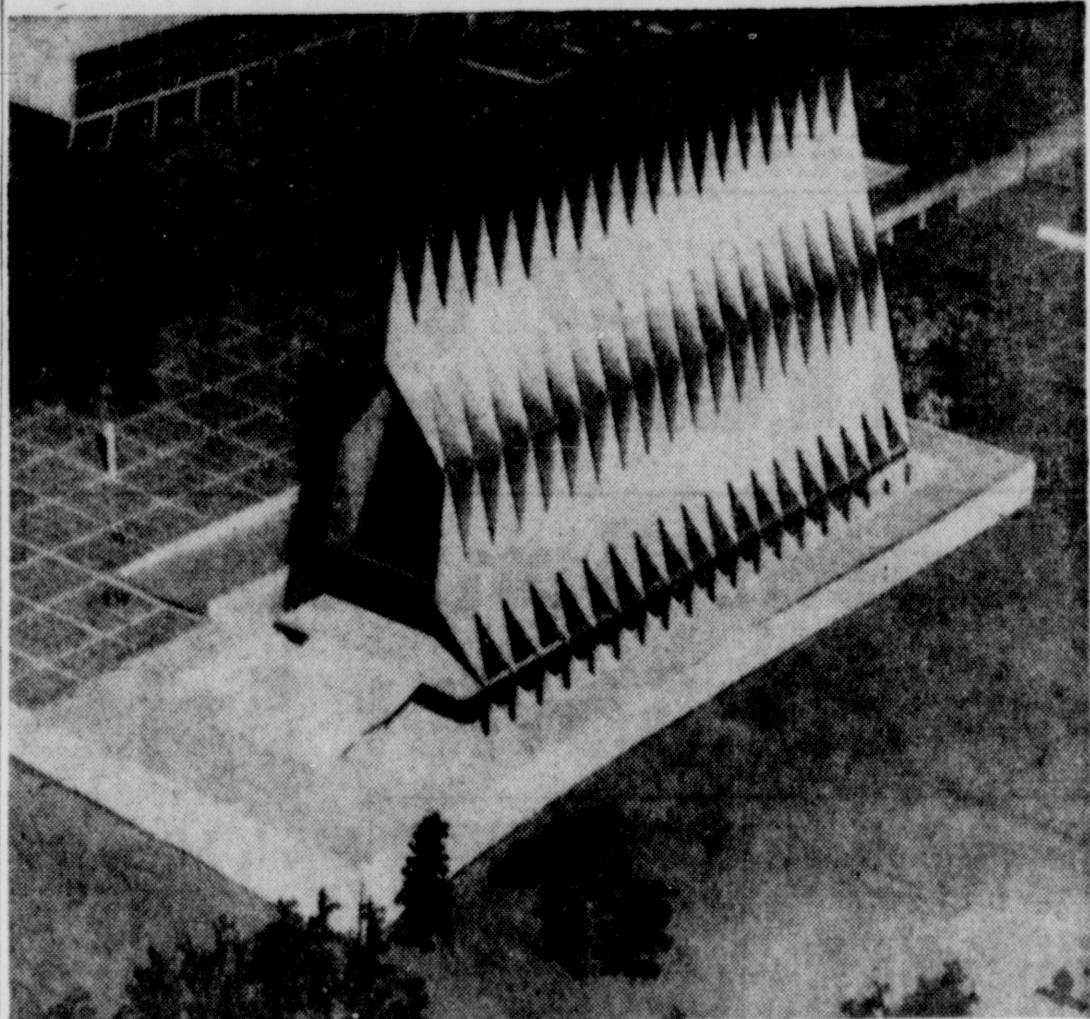

Blough said the increase amounted to only 3-10 of a cent a pound and should be viewed in perspective. Kefauver retorted that it would sound even smaller if expressed in terms of ounces.

The two clashed at the second day of an inquiry by the Senate Antitrust subcommittee, which Kefauver heads, into the \$6-a-ton price increase for steel which became effective July 1.

Blough said at the outset yesterday that it was "sheer economic superstition" to contend the price increase, first announced by U. S. Steel, would touch off a new round of inflation.

Superhighway Report Spiked

CAMBRIDGE, Aug. 9 (AP)—The State Roads Commission has squelched reports that it plans to build a superhighway across the waist of the Eastern Shore into Delaware.

Chairman Robert O. Bonnell gave a flat "no" when asked if there was any basis to circulating reports that the SRC plans to build a dual lane highway along the route of U. S. 404, which cuts eastward from Wye Mills across Caroline County to the Delaware state line.

Such a route would bypass Easton, Cambridge and Salisbury, now on U. S. 50, the principal highway from the Bay bridge to Ocean City.

"You'll find us a lot easier to get along with if you don't bypass Cambridge," the commission was told by Sen. Malkus (D-Dorchester), head of the county delegation which met with the commission yesterday.

"You're not going to be bypassed," answered Bonnell.

Instead, explained Chief Engineer Norman M. Pritchett, the next step appears to dualize U. S. 50 throughout.

Union Organizers' Union Seeks NLRB Recognition

BALTIMORE, Aug. 9 (AP)—Union organizers who organized a union of their own today applied for recognition by the National Labor Relations Board. They said the AFL-CIO, for whom they organize, would not recognize them.

The organizers' union, called the Field Representatives Federation, filed a petition for an election and recognition with the NLRB's Baltimore office. It claims to represent several hundred union organizers.

The total number of persons affected is estimated from 200 to about 350.

Mitchell J. Cooper, Washington attorney representing the organizers, said the group desired "no embarrassment" to the AFL-CIO. He said the organizers are "absolutely loyal."

But he added that "the fact that we filed the petition is the tipoff that we have not been given recognition."

Al Brandt of Providence is chairman of the organization. Other officers, all listed as temporary, are Robert W. Christoffer, Charlotte, N. C., secretary-treasurer; and Albert Haywood of Wisconsin, son of the late Allan Haywood, executive vice president of the old CIO, a national committeeman.

Two Youths Injured By Homemade Bomb

YORK, Pa., Aug. 9 (AP)—Two teenage boys were injured today when a homemade bomb exploded as they squeezed it in a vise in a neighbor's garage.

Listed in satisfactory condition at York Hospital were Dennis Henry, 16, with an eye injury, and Donald A. Waltman, 17, internal injuries, both of York. They will be seniors at the York High School this fall.

Maryland Corn, Tobacco Crop Outlook Dark

COLLEGE PARK, Md., Aug. 9 (AP)—Maryland and Delaware corn crops this year will be the smallest in 14 years, and Maryland's tobacco output will be the smallest since 1945.

These estimates were part of a gloomy crop picture painted today by Creighton N. Guellow in the August report of the Maryland-Delaware Crop Reporting Service.

Guellow said the worst drought in this area since 1930 has reduced Maryland corn production to a little more than half of last year's bumper crop. Production is now placed at 16 million bushels, compared to 29 million bushels last year.

The Delaware corn crop will be about 3 and one-half million bushels, only one-third of last year's output.

Tobacco production in Maryland is expected to total around 30 million pounds, only about 75 per cent as much as last year and the smallest crop in 12 years.

Soybean production in both Maryland and Delaware is now expected to be down about 25 per cent from one year ago, but a little above the 1955 output.

The soybean acreage available for harvest is more than double the average of the past 10 years, but the prospective yield per acre is off sharply from other recent years. The yield per acre is expected to be 16 bushels in Maryland and 15 bushels in Delaware. Total production is estimated at 3.3 million bushels in Maryland and 2.6 million in Delaware.

Forestry experts list the 10 most important trees in the world as the date palm, coconut palm, almond, apple, fig, mulberry, olive, lemon, chinchona and rubber trees.

Doris Sonner To Become Bride Of Francis C. Poland

Miss Doris Sonner, daughter of Mr. and Mrs. Glen W. Sonner, 102 Auburn Avenue, will become the bride of Francis C. Poland, son of Mr. and Mrs. Clement Poland, Frostburg, tonight. The double ring ceremony is being celebrated by candlelight at 6:45 in Mapleside Methodist Church, with Rev. Charles S. Reckley officiating.

Miss Darlene Myers will be the bride's maid of honor, while Miss Sandra Sonner, sister of the bride, Mrs. Anne Matson, Miss Mary Spicer and Miss Carmele Cagle are the bridesmaids. Deborah Lapp will be the flower girl and Patrick Feeney, ring bearer.

The bridegroom is having his brother, James Poland, as his best man, and Edward Jacobs, Carroll Andrews, John Fatkin and Robert Wilson as ushers.

The bride will be attired in a floor length gown of lace over satin. A crown of pearls will hold her fingertip length veil and completing her costume, she is carrying a prayerbook, topped with lilies.

Her attendants' gowns are of nylon lace over taffeta, with fitted bodice and floor length skirts. With them they will wear matching head bands and carry cascade bouquets. Miss Myers' gown is green and her bouquet is of yellow roses. Miss Sonner and Miss Spicer are wearing orchid gowns and carrying yellow roses; while Miss Cagle and Mrs. Matson have yellow gowns and Talisman roses. The little flower girl's frock is white and her flowers yellow.

Mrs. Sonner has chosen a melon colored chiffon gown for her daughter's wedding. With it she will wear white accessories and a corsage of white roses. Mrs. Poland selected a print dress and also will have a corsage of white roses.

The bride is a graduate of Fort Hill High School, class of 1954, and attended State Teachers College, Frostburg.

The bridegroom is a graduate of Beall High School, class of 1953 and Frostburg State Teachers College. He is supervisor of physical education in the elementary schools at Frederick.

Mr. and Mrs. Sonner are entertaining with a wedding reception honoring their daughter and her bridal party at the Eagles Home following the ceremony. Pi Harvey's band will play. The bridal motif is being carried out in the decorations and tiered wedding cake, topped with a miniature bride and bridegroom.

For traveling the bride is wearing a brown dress, with brown and white accessories, and her white corsage. Upon their return the couple will reside in Frederick.

Eckhart WSCS Plans September Supper

ECKHART—The WSCS of Eckhart Methodist Church met recently at the home of Mrs. Victor Repphann. Assisting hostesses were Mrs. Mary Repphann and Mrs. James Filsinger.

Talks To Feature B&O Event

Informal talks by T. J. Klauenberg, superintendent of the Cumberland Division; J. C. Burdette, Baltimore, grand president; Leo C. Wilcox, grand vice president; and a representative of the Women's Division, will feature the program at the annual B&O Veterans picnic, being held August 17 at Terra Alta.

The afternoon program also will include awarding of prizes and a concert by the Terra Alta High School Band. It is to begin at 2:15.

Mayor Cecil Root and the band will meet the train and escort the crowd to the Terra Alta city park. Games for adults and children have been planned. Mimeographed programs will be distributed on the train.

An invitation is issued to the general public to attend the outing. Picnickers may bring a basket dinner or purchase one at the park from local church groups.

C. R. Alexander is general chairman. His committee includes W. J. Drumm, Stanley Leasure, F. A. Hartell, George Loar, C. E. Hardy, H. W. Bloss, Victor Hebb and G. Frank Messman. Mrs. Carl Wagner is chairman of the Women's committee, and is being assisted by Mrs. Stanley Leasure, Mrs. Frank Hartell, Mrs. Charles Hardy, Mrs. Pauline Smith and Mrs. George Wenrich.

As usual a special train will leave Cumberland at 7 a. m.; Keyser at 7:40; Piedmont, 7:50; Mt. Lake, 8:40; Oakland, 8:45; and arrive at Terra Alta at 9:05. Returning, the train will leave Terra Alta at 5:15 standard time.

Society To Meet

The Vera Blinn Women's Society of World Service will meet at 7:45 Tuesday at the John S. Cook camp, Fort Ashby. Mrs. Mason Davis and Mrs. John House will be hostesses. Mrs. H. C. Trenton will be devotional leader.

Mr., Mrs. C. W. Heath To Mark 59th Anniversary

An all day outing and dinner party is being held by Mr. and Mrs. Edmund Jack Carney, Piedmont, W. Va., in honor of the former's grandparents, Mr. and Mrs. Charles W. Heath, 126 Greene Street, tomorrow. It is in celebration of their 59th wedding anniversary and will be at the summer cottage at Deep Creek Lake.

The former Miss Virginia May Halterman, daughter of the late Mr. and Mrs. H. D. Halterman, Moorefield, W. Va., became the bride of Mr. Heath, son of the late Mr. and Mrs. Jonathan Heath, also of Moorefield, August 11, 1898. The wedding ceremony was solemnized in Oak Grove Methodist Church, Moorefield, with Rev. Eustler officiating.

Mr. and Mrs. Heath are the parents of two children, Mrs. Robert Daugherty, city, and the late Hobson F. Heath. They have one grandson and one great grandson.

Both former teachers in Hardy county, W. Va., Mr. and Mrs. Heath moved to Cumberland in April 1907, at which time Mr. Heath went to work for John C. Shoupe, grocer. Later he was employed in the Wilson and Pugh hardware store and in 1923 became a street railway conductor. He was promoted to superintendent of the road and held that position until the depression, when the Potomac Edison Company assigned him to the office of dispatcher. Later he became superintendent of the Railway

Regina Lehman To Be Bride Of J. Francis Martin

Miss Mary Regina Lehman, daughter of Mr. and Mrs. Charles I. Lehman, Mexico Farms, will become the bride of John Francis Martin, son of John H. Martin, 434 Chestnut Street, and the late Mrs. Marie (Kearney) Martin today.

The wedding ceremony will be solemnized at 11 a. m., in St. Mary's Catholic Church with Rev. Robert Hopkins officiating. Miss Rose Mary Simpson will be the bride's maid of honor and only attendant, while Thomas Dougherty is serving as Mr. Martin's best man.

The bride is wearing a ballerina length gown of Chantilly lace over satin, fashioned with a matching lace jacket, with high collar and long sleeves. A pearl and rhinestone crown holds her waist length veil. She will carry a bridal bouquet which she will dedicate to the Blessed Virgin, and a prayer book, topped with an orchid.

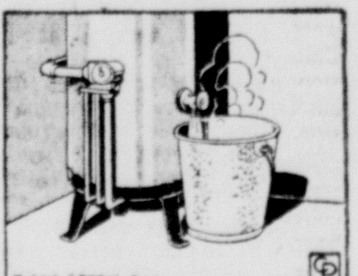

Miss Simpson is wearing a yellow net over taffeta, ballerina length gown, and will have a spray of flowers as a headdress. Her bouquet is of rubrum lilies.

Mrs. Lehman has chosen a navy blue brocade linen dress for her daughter's wedding. With it she will wear white accessories and have a corsage of white roses.

The bride is a graduate of St. Mary's High School, class of 1956, and is employed at Sacred Heart Hospital.

Mr. Martin attended LaSalle High School, served three years in the Marine Reserves and is employed at McIntyre Chevrolet Inc. Following the ceremony Mr. and Mrs. Lehman are entertaining with a wedding reception honoring their daughter and her bridal party. It will be held at their home. The bridal motif is being carried out in the decorations and repeated in the four tiered wedding cake, adorned with a miniature bride and bridegroom.

Dulles Tells Russia:

U.S. Won't Stop A-Tests Unless Output Is Halted

Stand Clarified For Red Leaders

By JOHN M. HIGHTOWER

WASHINGTON, Aug. 9 (AP)—Secretary of State Dulles has sent word to the Kremlin that the United States will never agree to stop testing atomic weapons without a simultaneous agreement to stop making them.

American officials hope this reply to a Soviet inquiry will finally convince Soviet leaders that they have no prospect of winning American, or Western, acceptance of their test-suspension plan. Russia wants to call off tests for two or three years apart from any other step in disarmament.

Dulles and his associates would know better how to estimate Soviet reaction to the U. S. position on this point—and in fact, on a whole range of diplomatic questions—if they felt they knew who is really running Soviet foreign policy.

But the identity of the mind behind Kremlin diplomacy is described here as a real mystery. It is more baffling than some that Moscow has produced in the past years because the identities of the top authorities are of course well-known. Dulles has asked intelligence agencies to study the puzzle and come up with a solution.

Dulles gave his emphatic rejoinder on atomic test policy to Soviet Ambassador Valerian Zorin in London last week. They talked privately at a luncheon. Zorin is Russia's top disarmament negotiator.

In the course of a private conversation he raised two principal topics with Dulles, according to information which subsequently became available in Washington. One of these was the standard issue of German disarmament.

Dulles gave the established American reply on this question—that the United States is not concerned because the best protection for the world against a resurgence of German militarism is the integration of Germany's forces with those of other countries as in the North Atlantic Treaty Organization.

Zorin then bluntly asked whether the United States made a firm link between suspension of atomic tests and a cutoff in the manufacture of atomic weapons.

He told Zorin that there was a link and declared that the United States must continue to test weapons unless a suspension can be worked out as part of an overall scheme to reduce the risk of war.

China Bid Accepted By 40 Americans

MOSCOW, Aug. 9 (AP)—About two score Americans attending Moscow's World Youth Festival—all aware of State Department opposition—today accepted invitations to visit Red China.

They plan to leave Moscow for Peking shortly after the festival winds up Sunday.

Fifteen Americans including eight members of the group's administrative committee, will make the three-week trip with expenses paid as guests of Premier Chou En-lai's government.

The others will be asked to pay a token \$100 each for transportation to and from China and for all expenses of their tour.

While this group looked forward to the long journey east, one of the 150 Americans participating in the Moscow festival appeared on the verge of defecting to the Soviet Union.

A dependable source said defection was planned by a World War II veteran in his early 30s and he may already have taken the first steps. His name was not disclosed.

The veteran has not been seen in the Americans' hotel at the Moscow Agricultural Exposition since Wednesday. Friends said he is ill with influenza in an infirmary and no one could see him.

Two other Americans said they are considering staying on in Moscow for study after the festival ends.

Interior Dept. Approves Save Constellation Drive

WASHINGTON, Aug. 9 (AP)—The Interior Department today gave its approval to provisions of pending legislation designed to provide a suitable berth for the historic frigate Constellation at the Ft. McHenry National monument and historic shrine at Baltimore.

However, the department expressed opposition to other provisions in the Senate bill which would require the federal government to share equally in restoring the vessel at a cost estimated at four million dollars.

The Constellation was given under a 1954 law to the Constellation Commission of Maryland for restoration as a public memorial at Baltimore. The commission, assisted by the city, has planned a campaign to raise funds to finance the restoration.

Asst. Secretary Roger Ernst stated the department's position in a letter to Chairman Murray of the Senate Interior Committee. Ernst wrote:

"The Constellation is the oldest United States naval vessel in existence and we have been sympathetic to the efforts of many public spirited persons and organizations to bring about the restoration of this vessel. . . .

"We are agreeable to the transfer of the Constellation to the administrative jurisdiction of this department and its subsequent maintenance and display at Ft. McHenry national monument and historic shrine with the understanding that the vessel is to be restored without federal expense. This is consistent with the 1954 act which authorized transfer of the vessel to the commission."

Ernst said the National Park Service had tentative plans for berthing the historic frigate in a basin at Ft. McHenry.

The Constellation was launched in Baltimore Sept. 7, 1797. Her sister ship, the Constitution, was completed Oct. 21, 1797. The latter frigate is on public display at the Boston Naval Shipyard.

REPORTED STOWAWAY — A woman identified by the French Line as Mrs. Grace Jackson Clark (above), New Kensington, Pa., has been caught as a stowaway aboard the liner Ile de France now sailing across the Atlantic. This picture of Mrs. Clark was made in Washington Jan. 13, 1955, when she strode to the rostrum of the House of Representatives and told Speaker Sam Rayburn she wanted to address the House. Solons Oppose Proposed Pact With Pakistan

WASHINGTON, Aug. 9 (AP)—The Senate Foreign Relations Committee was told today that a proposed agreement with Pakistan would give U. S. firms operating there credit against their income taxes for taxes they do not pay to Pakistan.

Several members voiced strong opposition to the agreement, which the Senate has been asked to ratify. Sens. Morse (D-Ore) and Aiken (R-Vt) said they will insist that the agreement be referred to the Senate Finance Committee for study.

Under treaties which this nation has with many other countries for avoidance of double taxation, an American firm investing abroad gets credit against its U. S. taxes for the taxes it actually pays to a foreign government.

Under the tax laws of Pakistan, a business qualifying as a new enterprise may obtain tax exemption for five years on profits up to 5 per cent of invested capital, and dividends paid from such profits may be exempt.

A newly negotiated tax convention with Pakistan provides that the amount by which a U. S. firm's Pakistan tax bill is reduced should be treated, for U. S. tax purposes, as if the amount had actually been paid.

Stanley S. Surrey of the Harvard law school told the committee that if such treatment is approved in the case of Pakistan, "it will have to be extended to a great many other countries of the world."

Portsmouth Hotel Fire Routs Score

PORTSMOUTH, Va., Aug. 9 (AP)—An early morning blaze swept the upper floors of the 101-year-old Monro Hotel today routing 20 guests from their beds. Among them was a 98-year-old woman.

Firemen battled the blaze in the five-story brick and frame hotel for four hours before getting it under control. There were no injuries other than a policeman being overcome by smoke. He was treated at a hospital and allowed to return to duty. Fire officials said the damage would run above \$100,000.

Mrs. Mary L. Jenkins, the oldest resident who has lived at the hotel for 25 years, escaped in her night clothing and salvaged only her purse and rings.

Actress Named As Confidential Info Supplier

LOS ANGELES, Aug. 9 (AP)—A former editor of Confidential testified today that actress Francesca de Scaffa offered to supply the scandal magazine with stories "even if I have to have an affair with the man involved."

New York magazine writer Howard Rushmore told a conspiracy trial jury that Miss de Scaffa, former wife of actor Bruce Cabot, had supplied much information for Confidential's stories and came to New York several times to confer with publisher Robert Harrison.

"She told us she had access to practically every home in Hollywood, and an almost unlimited circle of friends, that she knew all the secrets and could get the stories we wanted," Rushmore said. He said she added, smilingly, she would get the material even if it involved affairs for her and male subjects.

This was the first lively testimony at the trial of Confidential, its sister publication, Whisper, and various individuals on charges they conspired to commit criminal libel.

New sensations appear likely because of a judge's ruling at the start of this, the fourth day of the case. Superior Court Judge Herbert V. Walker denied a motion by an attorney for actor Tab Hunter to be excused from testifying.

This apparently means that more than 100 subpoenaed witnesses may be called, including many stars who have been featured in Confidential and Whisper stories.

Rushmore said Miss de Scaffa telephoned a young starlet from New York "to get this star to give on the telephone information for a story that an attorney said was not clear." He said a recording was made of the conversation.

Another method of getting information for the magazine, said Rushmore, was equipping Miss de Scaffa with a wrist microphone leading to a recording device inside her coat.

Steel Price Hike Effects Debated

WASHINGTON, Aug. 9 (AP)—Sen. Kefauver (D-Tenn) tangled with steel-maker Roger M. Blough today over the effect on living costs of a recent increase in the price of steel.

Blough, board chairman of the U. S. Steel Corp., did not dispute Kefauver's contention that the steel price increase amounted to more than 500 million dollars a year but he sharply challenged estimates cited by the senator on how much it would add to the cost of producing automobiles, appliances, tractors and other products made with steel.

Kefauver said Blough was trying to leave the impression that the price increase was "inconsequential." He said it wasn't a "negligible" amount and that "somebody has to pay it."

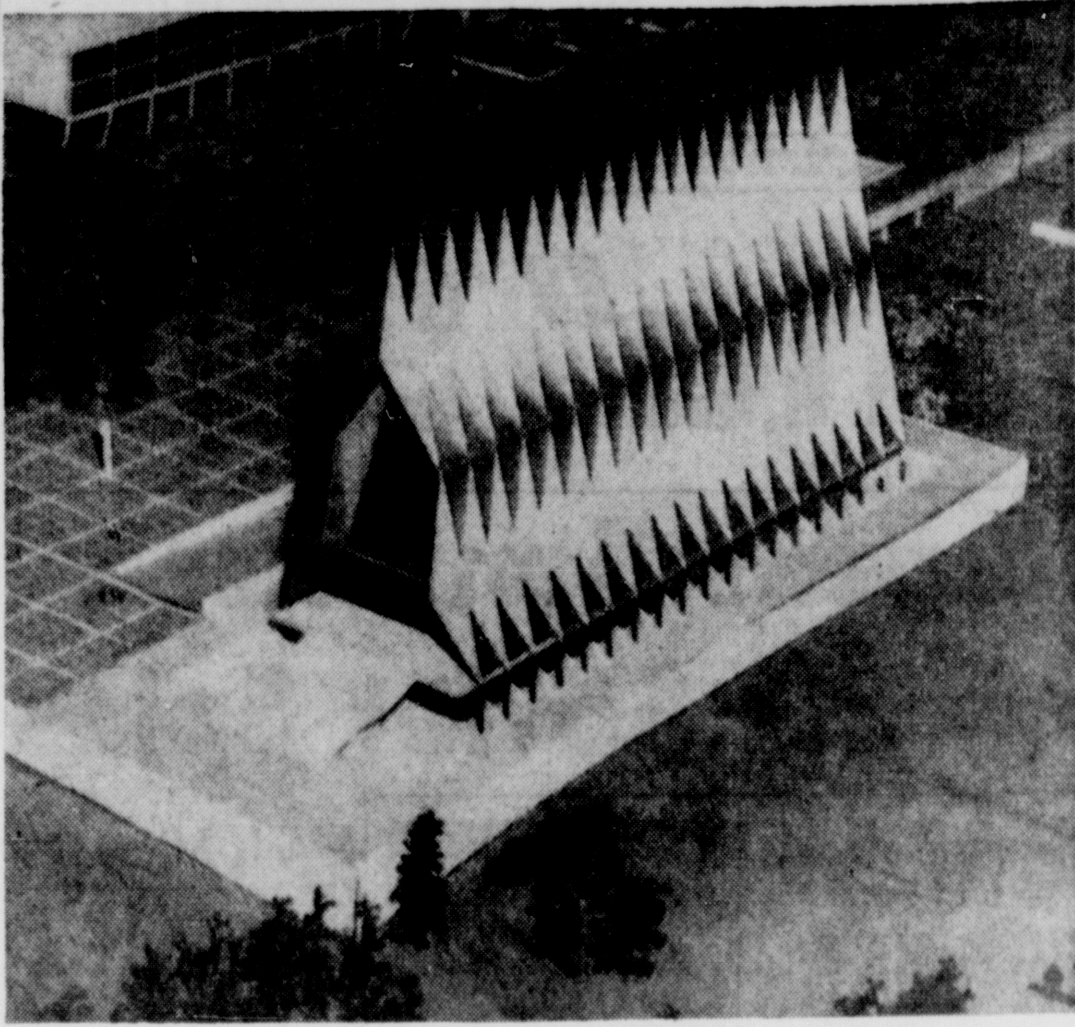

Blough said the increase amounted to only 3-10 of a cent a pound and should be viewed in perspective. Kefauver retorted that it would sound even smaller if expressed in terms of ounces.

The two clashed at the second day of an inquiry by the Senate Antitrust subcommittee, which Kefauver heads, into the \$6-a-ton price increase for steel which became effective July 1.

Blough said at the outset yesterday that it was "sheer economic superstition" to contend the price increase, first announced by U. S. Steel, would touch off a new round of inflation.

Attackers Pause

KERSHA, Oman, Aug. 9 (AP)—Unexpected resistance by the forces of the Imam of Oman caused a mixed British and Muscat force to pause today for a general overhaul before attacking Firq, about two miles north of Kersha.

AIR ACADEMY CHAPEL MODEL—The Air Force yesterday released this photograph of a model of the chapel it proposes to build at the Air Force Academy in Colorado Springs, Colo. The structure, which drew criticism from some congressmen because of its design, will include Protestant, Catholic and Jewish chapels under one roof. (AP Photofax)

Superhighway Report Spiked

CAMBRIDGE, Aug. 9 (AP)—The State Roads Commission has squelched reports that it plans to build a superhighway across the waist of the Eastern Shore into Delaware.

Chairman Robert O. Bonnell gave a flat "no" when asked if there was any basis to circulating reports that the SRC plans to build a dual lane highway along the route of U. S. 404, which cuts eastward from Wye Mills across Caroline County to the Delaware state line.

Such a route would bypass Easton, Cambridge and Salisbury, now on U. S. 50, the principal highway from the Bay bridge to Ocean City.

"You'll find us a lot easier to get along with if you don't bypass Cambridge," the commission was told by Sen. Malkus (D-Dorchester), head of the county delegation which met with the commission yesterday.

"You're not going to be bypassed," answered Bonnell.

Instead, explained Chief Engineer Norman M. Pritchett, the next step appears to dualize U. S. 50 throughout.

Union Organizers' Union Seeks NLRB Recognition

BALTIMORE, Aug. 9 (AP)—Union organizers who organized a union of their own today applied for recognition by the National Labor Relations Board. They said the AFL-CIO, for whom they organize, would not recognize them.

The organizers' union, called the Field Representatives Federation, filed a petition for an election and recognition with the NLRB's Baltimore office. It claims to represent several hundred union organizers.

The total number of persons affected is estimated from 200 to about 350.

Two Youths Injured By Homemade Bomb

YORK, Pa., Aug. 9 (AP)—Two teenage boys were injured today when a homemade bomb exploded as they squeezed it in a vise in a neighbor's garage.

Listed in satisfactory condition at York Hospital were Dennis Henry, 16, with an eye injury, and Donald A. Waltman, 17, internal injuries, both of York. They will be seniors at the York High School this fall.

Maryland Corn, Tobacco Crop Outlook Dark

COLLEGE PARK, Md., Aug. 9 (AP)—Maryland and Delaware corn crops this year will be the smallest in 14 years, and Maryland's tobacco output will be the smallest since 1945.

These estimates were part of a gloomy crop picture painted today by Creighton N. Guellow in the August report of the Maryland-Delaware Crop Reporting Service.

Guellow said the worst drought in this area since 1930 has reduced Maryland corn production to a little more than half of last year's bumper crop. Production is now placed at 16 million bushels, compared to 29 million bushels last year.

The Delaware corn crop will be about 3 and one-half million bushels, only one-third of last year's output.

Tobacco production in Maryland is expected to total around 30 million pounds, only about 75 per cent as much as last year and the smallest crop in 12 years.

Soybean production in both Maryland and Delaware is now expected to be down about 25 per cent from one year ago, but a little above the 1955 output.

The soybean acreage available for harvest is more than double the average of the past 10 years, but the prospective yield per acre is off sharply from other recent years. The yield per acre is expected to be 16 bushels in Maryland and 15 bushels in Delaware. Total production is estimated at 3.3 million bushels in Maryland and 2.6 million in Delaware.

Forestry experts list the 10 most important trees in the world as the date palm, coconut palm, almond, apple, fig, mulberry, olive, lemon, chinchona and rubber trees.

Doris Sonner To Become Bride Of Francis C. Poland

Miss Doris Sonner, daughter of Mr. and Mrs. Glen W. Sonner, 102 Auburn Avenue, will become the bride of Francis C. Poland, son of Mr. and Mrs. Clement Poland, Frostburg, tonight. The double wedding ceremony is being celebrated by candlelight at 6:45 in Mapleside Methodist Church, with Rev. Charles S. Reckley officiating.

Miss Darlene Myers will be the bride's maid of honor, while Miss Sandra Sonner, sister of the bride, Mrs. Anne Matson, Miss Mary Spicer and Miss Camele Cagle are the bridesmaids. Deborah Lapp will be the flower girl and Patrick Feeney, ring bearer.

The bridegroom is having his brother, James Poland, as his best man, and Edward Jacobs, Carroll Andrews, John Fatkin and Robert Wilson as ushers.

The bride will be attired in a floor length gown of lace over satin. A crown of pearls will hold her fingertip length veil and completing her costume, she is carrying a prayerbook, topped with lilies.

Her attendants' gowns are of nylon lace over taffeta, with fitted bodice and floor length skirts. With them they will wear matching head bands and carry cascade bouquets. Miss Myers' gown is green and her bouquet is of yellow roses. Miss Sonner and Miss Spicer are wearing orchid gowns and carrying yellow roses; while Miss Cagle and Mrs. Matson have yellow gowns and Tallisman roses. The little flower girl's frock is white and her flowers yellow.

Mrs. Sonner has chosen a melon colored chiffon gown for her daughter's wedding. With it she will wear white accessories and a corsage of white roses. Mrs. Poland selected a print dress and also will have a corsage of white roses.

The bride is a graduate of Fort Hill High School, class of 1954, and attended State Teachers College, Frostburg.

The bridegroom is a graduate of Beall High School, class of 1953 and Frostburg State Teachers College. He is supervisor of physical education in the elementary schools at Frederick.

Mr. and Mrs. Sonner are entertaining with a wedding reception honoring their daughter and her bridal party at the Eagles Home following the ceremony. Pi Harvey's band will play. The bridal motif is being carried out in the decorations and tiered wedding cake, topped with a miniature bride and bridegroom.

For traveling the bride is wearing a brown dress, with brown and white accessories, and her white corsage. Upon their return the couple will reside in Frederick.

Talks To Feature B&O Event

Informal talks by T. J. Klauenberg, superintendent of the Cumberland Division; J. C. Burdette, Baltimore, grand president; Leo C. Wilcox, grand vice president; and a representative of the Women's Division, will feature the program at the annual B&O Veterans picnic, being held August 17 at Terra Alta.

The afternoon program also will include awarding of prizes and a concert by the Terra Alta High School Band. It is to begin at 2:15.

Mayor Cecil Root and the band will meet the train and escort the crowd to the Terra Alta city park. Games for adults and children have been planned. Mimeographed programs will be distributed on the train.

An invitation is issued to the general public to attend the outing. Picnickers may bring a basket dinner or purchase one at the park from local church groups.

C. R. Alexander is general chairman. His committee includes W. J. Drumm, Stanley Leasure, F. A. Hartell, George Loar, C. E. Hardy, H. W. Bloss, Victor Hebb and G. Frank Messman. Mrs. Carl Wagner is chairman of the Women's committee, and is being assisted by Mrs. Stanley Leasure.

Mrs. Frank Hartell, Mrs. Charles Hardy, Mrs. Pauline Smith and Mrs. George Wenrich. As usual a special train will leave Cumberland at 7 a. m.; Keyser at 7:40; Piedmont, 7:50; Mt. Lake, 8:40; Oakland, 8:45; and arrive at Terra Alta at 9:05. Returning, the train will leave Terra Alta at 5:15 standard time.

Society To Meet

The Vera Blinn Women's Society of World Service will meet at 7:45 Tuesday at the John S. Cook camp, Fort Ashby. Mrs. Mason Davis and Mrs. John House will be hostesses. Mrs. H. C. Trenton will be devotional leader.

Mr. and Mrs. C. W. Heath To Mark 59th Anniversary

An all day outing and dinner party is being held by Mr. and Mrs. Edmund Jack Carney, Piedmont, W. Va., in honor of the former's grandparents, Mr. and Mrs. Charles W. Heath, 126 Greene Street, tomorrow. It is in celebration of their 59th wedding anniversary and will be at the summer cottage at Deep Creek Lake.

The former Miss Virginia May Halterman, daughter of the late Mr. and Mrs. H. D. Halterman, Moorefield, W. Va., became the bride of Mr. Heath, son of the late Mr. and Mrs. Jonathan Heath, also of Moorefield, August 11, 1898. The wedding ceremony was solemnized in Oak Grove Methodist Church, Moorefield, with Rev. Eustler officiating.

Mr. and Mrs. Heath are the parents of two children, Mrs. Robert Daughtrey, city, and the late Hobson F. Heath. They have one grandson and one great grandson.

Both former teachers in Hardy county, W. Va., Mr. and Mrs. Heath moved to Cumberland in April 1907, at which time Mr. Heath went to work for John C. Shoupe, grocer. Later he was employed in the Wilson and Pugh hardware store and in 1923 became a street railway conductor. He was promoted to superintendent of the road and held that position until the depression, when the Potomac Edison Company assigned him to the office of dispatcher. Later he became superintendent of the Railway

Regina Lehman To Be Bride Of J. Francis Martin

Miss Mary Regina Lehman, daughter of Mr. and Mrs. Charles I. Lehman, Mexico Farms, will become the bride of John Francis Martin, son of John H. Martin, 434 Chestnut Street, and the late Mrs. Marie (Kearney) Martin today.

The wedding ceremony will be solemnized at 11 a. m. in St. Mary's Catholic Church with Rev. Robert Hopkins officiating. Miss Rose Mary Simpson will be the bride's maid of honor and only attendant, while Thomas Dougherty is serving as Mr. Martin's best man.

The bride is wearing a ballerina length gown of Chantilly lace over satin, fashioned with a matching lace jacket, with high collar and long sleeves. A pearl and rhinestone crown holds her waist length veil. She will carry a bridal bouquet which she will dedicate to the Blessed Virgin, and a prayer book, topped with an orchid.

Miss Simpson is wearing a yellow net over taffeta, ballerina length gown, and will have a spray of flowers as a headdress. Her bouquet is of rubrum lilies.

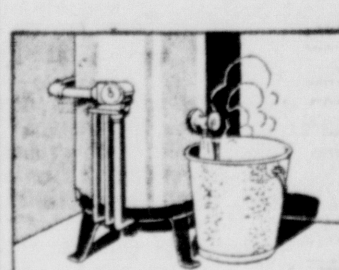

Mrs. Lehman has chosen a navy blue brocade linen dress for her daughter's wedding. With it she will wear white accessories and have a corsage of white roses.

The bride is a graduate of St. Mary's High School, class of 1956, and is employed at Sacred Heart Hospital.

Mr. Martin attended LaSalle High School, served three years in the Marine Reserves and is employed at McIntyre Chevrolet Inc.

Following the ceremony Mr. and Mrs. Lehman are entertaining with a wedding reception honoring their daughter and her bridal party. It will be held at their home. The bridal motif is being carried out in the decorations and repeated in the four tiered wedding cake, adorned with a miniature bride and bridegroom.

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

On September 16, the National Classroom Educational Association, for teachers will be held at 7:30 p.m. A meeting of the principals will be held on September 18 and the Mineral County Council PTA will hold its first meeting September 20. The first school month will close on September 26.

At this time all persons in the Mineral County educational set-up are busy preparing for the opening of the school year.

There will be 173 teaching days the coming school year.

Irrigation System Saves Seedlings At W.Va. Nursery

PARSONS — The newly installed irrigation system at the Conservation Commission's Forest Tree Nursery at Parsons is credited with saving between 25 and 30 million tree seedlings during the recent drought condition in Tucker County.

H. G. Woodrum, superintendent at the Parsons Nursery, reports that the installation went into operation in July and has already paid for itself by saving the entire planting stock from drying up.

Woodrum explained that the nozzles on the irrigation system are capable of shooting a spray of water 400 feet long, and that the system distributes water at the rate of 1,000 gallons per minute.

35 Small Dams Proposed For South Branch

Sites Will Be Checked, Surveyed

MOOREFIELD—Approximately 35 possible dam sites have been chosen by the Potomac Valley Soil Conservation District as a preliminary step toward reducing flood damage in the South Fork of the South Branch area around Moorefield.

The sites are located at the headwaters of the stream in Pendleton County.

Norris R. Caryl, Romney, district conservationist, states that the work is still in the survey and planning stage and the entire plan must be proved feasible from the standpoint of cost compared to reduction of damage figures.

If the plans are feasible, no actual construction work will be done until July of 1958.

Every one of the 35 sites must be surveyed and checked.

It is believed the series of dams would eliminate the periodic smaller nuisance floods and reduce by 50 to 60 per cent the damage from the large floods.

The sponsors are the Moorefield Town Council and the Potomac Valley Soil Conservation District.

The aims for the watershed protection program this year are to develop plans for raising the necessary money, securing easements and acquiring rights of ways.

The project is one similar to the one planned and constructed on the Warm Springs Watershed, near Berkeley Springs.

A dam designed to back up a five acre lake near the southern end of the West Virginia Turnpike is under construction. It is part of a watershed project in Mercer County to prevent flood erosion and to improve flood control and water supply.

Stationed At Knox

BERKELEY SPRINGS—Sgt. Elmer L. Klavon of Berkeley Springs is now stationed at Fort Knox, Ky., with Company A, 526th Airborne Infantry Battalion School Troops. He entered the service in June 1942, and just completed a vacation here with his mother Mrs. G. A. Klavon.

Yerkey Details Plans For New Creek Program

11 Dams Are Being Considered In Area

KEYSER—At the regular weekly session of the Yerkey Kiwanis Club, Berma Yerkey, of the engineers staff, in charge of building dams and basins in the New Creek watershed, and otherwise preparing for protection of the area, spoke of the progress being made in the local district.

The area has been left idle for years and when there is plenty of water, little or none of it is retained for good benefits, but has been permitted to run off, thus drought follows with financial loss, he said.

The engineers have gone far in their work locally and a good part of the work is done but there is more to be done, Mr. Yerkey noted. He told the Kiwanians what has been done, is showing progress and yet there is much to be done to have complete protection. There are eleven dams to be constructed, he said, in the overall program.

Plans were made for a delegation of club members to accompany the Kiwanis Club baseball team in the Little League on its visit to Pittsburgh Saturday.

Two delegates, William Stafford and Russell Bishop were named to attend the state convention of Kiwanis Clubs to be held in Huntington. Two alternates were also named. They are Gerould Klinefelter and Charles Renix.

A delegation of local members will participate in an Inter-Club meeting at Charles Town on Thursday, August 22.

The annual entertainment and feast for the Kiwanis Little League team has been set for Wednesday, September 4, at the park at New Creek, on US Route 220, south of Keyser.

Mt. Lake Park Defendant In \$20,000 Suit

MT. LAKE PARK—Ray Knight of Mt. Lake Park, through his attorney, Edward J. Ryan of Frostburg and Cumberland, has sued the Mayor and Council of Mt. Lake Park for \$20,000, charging the latter with contaminating his property with sewage.

The suit was filed in the office of Richard L. Davis, clerk of Garrett County Circuit Court in Oakland.

In his declaration the plaintiff contends that around July 10 the Mayor and Council by their agents, while installing and repairing a sewer line which carried sewage from a great number of properties in the municipality, "failed to make arrangements for handling of said sewage during the period of said repairs and installation of new sewer lines, and that without leave or authority from the plaintiff and in direct violation of his rights, the Mayor and Council turned all of said sewage into the lake belonging to the plaintiff, and have allowed a great amount of sewage, filth and garbage and other refuse to flow into the lake and have contaminated and corrupted waters thereto and has created a condition which has been detrimental to the health of persons using the lake."

He further declared that as a result the health officer has ordered that swimming cease in the lake and that fishing also be halted.

He says he will be put to considerable expense to attempt to remove the debris and corruption which has been placed there.

Knight owns the area commonly called "Mt. Lake," which he says for many years has been used for fishing and bathing purposes and yields a substantial income.

Born in Lonaconing, she had lived here most of her life. She was a daughter of the late William and Hazel (Hamilton) Dean. Mrs. Luteman was a member of SS. Peter and Paul Catholic Church and past president of the ladies auxiliary of Henry Hart Post 1411, VFW.

Surviving, besides her husband, are three daughters, Mrs. Eleanor Spence, Newport, R. I.; Miss Mary Jo Luteman, at home, and Mrs. Judy Peters, Baltimore; four sons, James R. Luteman, Avenel, N. J.; William J. Luteman, with the Navy; Paul G. Luteman, with the Merchant Marine, and George T. Luteman, at home; a sister, Mrs. Carla Lund, Akron, Ohio, and six grandchildren.

The body is at the Kight Funeral Home where the rosary will be recited Sunday at 7:30 p. m. A requiem mass will be celebrated Monday at 9 a. m. from SS. Peter and Paul Church with interment in the parish cemetery.

HAFFER FUNERAL FROSTBURG — Services for Jacob Haffer, 91, of 29 Frost Street, who died Thursday at Happy Hills Farm, will be conducted today at 2 p. m. at the funeral home he founded here.

Rev. Harvey W. Black, president of the Pittsburgh Synod of the United Church of Christ, will officiate, assisted by Rev. Paul V. Taylor, pastor of Zion Evangelical and Reformed Church. Burial will be in Frostburg Memorial Park.

Palbearers will be Robert Wilson, Myron Lehr, James Brode, Forest Roberson, Ernest Murphy and Walter Minnick.

ELLSWORTH MYERS

FROSTBURG — Ellsworth Myers, 70, a native of Frostburg, died yesterday in Cleveland, Ohio, after a lingering illness. He was the husband of Bessie (Brode) Myers, also a native of here.

Also surviving besides his widow, are his mother, Mrs. J. A. Myers, Walter Street; a daughter, Mrs. Herbert Cook, Cleveland; two sisters, Mrs. J. W. Anderson, Wayne, Ind., and Miss Mabel Myers, of here; a brother, William T. Myers, Clarksburg, W. Va., and a grandchild.

The body will arrive here Monday and will be at the Hafer Funeral Home.

MRS. JOHN E. SANDBOWER

Mrs. Maude Mindota Sandbower, 73, wife of John E. Sandbower, 24 Massachusetts Avenue, died yesterday evening while visiting the home of a daughter, Mrs. Eloise Welker, Petersburg, W. Va.

She and her husband went to visit their daughter on Monday and she suffered a heart attack yesterday. A native of Piedmont, Mrs. Sandbower was born October 10, 1883, and was a daughter of the late John Henry and Helen (Jarboe) Dawson.

Surviving besides her husband are another daughter, Mrs. Thelma Rice, Westminster; a son, John Edward Sandbower Jr., Baltimore; four sisters, Mrs. Stella Johnson, Pittsburgh, Pa.; Mrs. Fanny Jameson, McKeesport, Pa.; Mrs. Beulah Larue, Baltimore; Mrs. Helen Spriggs, Westport; six grandchildren and four great grandchildren.

Mrs. Sandbower was a member of the Mapleside Methodist Church. The body is at Stein's Funeral Home.

CLAUDE SCHOPPERT

PIEDMONT—Funeral services for Claude Schoppert, a native of here, who died at his home at Niagara Falls, N. Y., August 4, were held there Wednesday with interment in Niagara Falls.

Mr. Schoppert was a son of the late Nicholas and Annie (Simmons) Schoppert.

Besides his wife, Mrs. Rose (Sherwood) Schoppert, he is survived by two sons, Claude and Nelson Schoppert, Niagara Falls; a daughter, Mrs. Dorothy Delinger, Washington; two sisters, Mrs. Will Long and Miss Alta Schoppert, Keyser, and three brothers, Joseph Schoppert, Keyser; Oscar Schoppert, Cumberland, and Ernest Schoppert, Hastings, Pa.

Piedmont KC Holds Installation

PIEDMONT — Newly elected officers of Piedmont Council 685, Knights of Columbus, were installed Wednesday evening by Francis Cosgrove, Westernport, district deputy of West Virginia Council, Knights of Columbus.

Officers include Raymond Beckner, grand knight; Leo Noland, deputy grand knight; Charles Pendergast, chancellor; Joseph Thompson, recorder; John Schaeffer, financial secretary; John Taylor, treasurer; Arnone DiuBardo, advocate; Thomas Collins, warden; William Faherty, inside guard; Larry Dimasi, outside guard; James Cirillo, trustee for three years, and Rev. George Pugh, assistant pastor of St. Peter's Catholic Church, Westernport, chaplain.

Also present were members of Cumberland, Frostburg and Oakland councils. Refreshments were served after the meeting.

Scouts Collect Newspapers Today

PIEDMONT—Boy Scout Troops 30 and 33 will begin a series of newspaper pickups this morning at 9:30 in the Tri-Towns. The newspapers will be sold to gain funds for various scout activities to be held in the late summer and fall.

Troop 33 will collect newspapers in Piedmont while Troop 30 will make the pickups in Westernport. The two troops will combine to make the collections in Luke.

Residents of the Tri-Towns are requested to tie the newspapers in bundles weighing less than 50 pounds. The newspapers will be picked up from the sidewalks.

Garrett County To Purchase 36 Vote Machines

Price Advances Since Dispute

OAKLAND — The Board of Supervisors of Elections has approved the purchase of 36 voting machines from the Automatic Voting Machine Company, according to Russell L. Smith, clerk.

Smith said the amount was \$1,518 per machine, making a total of \$54,648.

Smith said that letters were sent to the Automatic Voting Machine Company and the Shoup Voting Machine Corporation several weeks ago requesting new bids, but that the board had not received any reply from Shoup.

No contract has been signed as yet, according to Smith, but the Automatic firm was asked to submit a contract for signature.

Before the long drawn-out squabble over selection of the machines last year resulted in a "no decision," 36 electrically operated machines were priced at \$53.664 by Automatic and \$50.801 by Shoup. The manually operated machines at that time from either company were \$100 less on each machine.

The recent approval of the machines of the Automatic firm apparently was for the manually operated machines.

As the result of legislation passed at the last session of the General Assembly, any decision about voting machines was taken from the joint hands of the county commissioners and the Board of Election Supervisors and placed solely in the hands of the election board. Section 119 (f) of Chapter 739, relating to the acquisition of voting machines, states: "The Board of Supervisors of Election in the several political subdivisions shall use the powers conferred upon them for the acquisition of voting machines and shall acquire or have available the necessary number of voting machines for use at all elections; The county commissioners shall provide for the payment for such machines."

The statute eliminated the words "and the county commissioners" in the first few words and added the final section about payment.

Previously the law had read that the election board had the authority to purchase but that the order for purchase was subject to the approval of the county commissioners.

The boards failed to agree on the type of machine and as a result paper ballots were used in the last election.

Board Receives Answer On Direct GI Mortgages

U. S. Senator J. Glenn Beall wrote to the Allegany County Board of Commissioners yesterday concerning his inquiry about having the county termed a Veterans Administration direct loan area for GI mortgages. Sen. Beall enclosed a letter he had received from H. V. Higley, administrator of the VA, in which Higley reported on the situation as outlined by Ralph H. Stone, chief benefits director of the VA. The senator said: "This reply from the VA may not be precisely in accord with your resolution (in which it was requested the county be included in the direct VA loan program). If you have some alternative suggestions or additional views on the matter we will appreciate hearing from you."

Higley informed Sen. Beall that "through December 1956 the records of the VA show 23 per cent of the veterans in Allegany County obtained VA-guaranteed loans, only slightly below the national average of 26 per cent." "We recognize that the past several months there has been considerable tightening of supply of mortgage money for VA-guaranteed loans. This is general throughout the country and undoubtedly has been felt in Allegany County," Higley stated. The VA office said the direct loan program was passed by Congress.

Long Drought Causes Prices To Increase

The prices of fruits and vegetables in this area are beginning to show the effects of the drought conditions along the eastern seaboard, especially Maryland's eastern shore and southern counties. Offsetting the drought-induced higher prices for certain vegetables was the marketing of home grown items such as tomatoes, corn, beans and cantaloupes.

One local wholesale produce dealer said potatoes were up from 40 to 50 cents per 100 pounds. He said home grown tomatoes in some cases were small due to lack of rainfall several weeks ago. Cabbage, beans and corn are in short supply from the home grown market. Peaches and apples seem steady in price. California lemons and oranges are cheaper this year than for the same period last year. Onions are lower in price due to a lack of demand by consumers. The wholesaler said that lettuce from California and New York state is higher by 50 to 75 cents per case but the demand for celery is lower and prices are lower as a result.

Corn on the cob is priced about the same as last year. Green beans are selling at an average of two pounds for 35 cents while last year they were two pounds for 29 cents. Cabbage is selling at an average of three pounds for 25 cents as compared to two pounds for 15 cents last year. The prices of canned tomatoes, peas, corn, beans and similar items are likely to be higher this fall due to the loss of crops in the eastern shore and southern counties of Maryland. The state is one of the largest packers of vegetables in the country. Ketchup and similar items which are packed in the state are also expected to show a similar ratio of price increase due to shortage of supplies of tomatoes.

Monday afternoon the Mayor and Council approved the payment of \$85,000 to Moyer firm, and it was noted that \$79,000 or five per cent of the \$1,491,000 project is being held back for a year from the company. "This is under the terms of the original contract and is a performance bond. Buchholz said yesterday he is in the process of making plans for the dedication of the works, which will be attended by officials of the State Health Department, industries and labor organizations. He also said he is arranging for public inspection of the facilities located at Offutt Street Extended.

Air Force Will Recruit Girls' Flight

Sgt. James C. Owens, local Air Force recruiter, said a group of girls will be enlisted from Maryland and will be known as the "Free State Flight." The girls enlisted will be flown to Lackland Air Force Base, San Antonio, Texas for basic training. Age limits are 18 to 35 years of age and a high school diploma is also required. Only single girls can be recruited, but divorcees will be considered, according to Sgt. Owens.

To Attend Conference

Morris Baron, local attorney and former magistrate of Juvenile Court, will attend the third annual conference of the Maryland Commission for the Prevention and Treatment of Juvenile Delinquency, September 9-11 at College Park. Baron was appointed to the commission by Gov. McKeldin.

gress with the intent to be confined to rural or small communities and not for large cities where GI loans were normally available. Resolutions asking that Allegany County be placed under the direct VA loan program have been passed by both the City of Cumberland and also the county commissioners. Both the city and county acted at the request of the Cumberland Real Estate Board and Fort Cumberland Post 13, American Legion.

Police Carry Litter Bags

The Governor's Committee to Keep Maryland Beautiful has supplied litter-bags for use in all State Police cars, it was announced yesterday by John E. Clark, committee chairman. State Police Superintendent Elmer F. Munshower said he hoped that the use of the bags by state policemen would "serve as a good example to all motorists, reminding them that carrying in the car a container for disposal of travel trash is a great aid in keeping the highways free of litter. "For those who do not practice highway etiquette," Col. Munshower said, "the state law provides penalties ranging up to a fine of \$250 and 90 days' imprisonment for throwing trash and refuse on the roads and roadways." He added: "The State Police have been given special instructions to watch for violations of this law and we are enforcing it."

Working in conjunction with the State Police and the Governor's Committee to Keep Maryland Beautiful, the State Roads Commission is posting, at ten-mile intervals along Maryland's primary road system, signs warning the public of the anti-litter penalties.

Sewage Plant Work Accepted

The designer and supervising engineer of Cumberland's new sewage treatment plant will officially inform the Mayor and Council Monday that he has accepted the facilities from the contractor, William H. Buchholz, street commissioner, said yesterday.

Robert T. Regester, Baltimore engineer who designed the plant, told the Mayor and Council Thursday that he had approved the plant which is going into its second week of operation. By this, he has approved the work of the Moyer Brothers Construction Company of Altoona, the builder, and the operation of the plant.

Monday afternoon the Mayor and Council approved the payment of \$85,000 to Moyer firm, and it was noted that \$79,000 or five per cent of the \$1,491,000 project is being held back for a year from the company. "This is under the terms of the original contract and is a performance bond. Unions Agree On All Points In New Merger

The Western Maryland Industrial Union Council and the Allegany Trades Council reached agreement Thursday on all points of the merger plan and bylaws for the new joint association.

Delegates from AFL and CIO groups met Thursday in the Allegany Labor Temple to move toward the formation of the Western Maryland Labor Council, AFL-CIO.

Charles E. Stutzman, business agent of Local 453, Teamsters and Chauffeurs Union, AFL, and a State AFL vice president was chairman at the session.

He reported the two organizations will meet Tuesday, September 10, to officially act on the new constitution, bylaws and merger agreement.

At that time, he said, officers will be elected by the delegates representing nearly 4,000 union members in this section.

This action will follow the merger convention of the Maryland-DC Federation of Labor and the Maryland Industrial Union Council Friday, September 6, in the Statler Hotel, Washington.

The Western Maryland Labor Council will have jurisdiction over Allegany and Garrett counties. The membership of the AFL and CIO organizations is almost equally divided.

The officers of the new council will include a president from an AFL union; a vice president from the CIO; recording secretary, AFL, and secretary-treasurer, CIO.

The merger committee includes Stutzman, F. Patrick Allender, trades council president; and David L. Miller for the AFL. From the CIO are C. D. McIntyre, president; Joseph V. Burke, Ralph C. Beard, Stanley Zorick, Harold Riggelman and Earl D. Sills.

Here for Thursday's session was T. D. duCrennois, Richmond, Va., of the AFL-CIO Region 4 staff.

Memorial Adopts 40-Hour Week

Employees of Memorial Hospital have been placed on a 5-day, 40-hour week but no immediate increase in rates for patients is contemplated.

The action was taken at a recent meeting of the board of governors, according to John A. Moberly, superintendent. Prior to this hospital employees have worked 44 hours over five and one-half days.

In making the announcement Moberly explained the board feels hospital employees deserve the same working conditions as those employed by industry, city, county and other establishments.

The board noted that the adoption of the program will entail a greater expense due to the increase in personnel required to adequately cover the needs of patients.

\$100,000 Damage Suit Filed Here

A suit for \$100,000 damages was filed in Circuit Court yesterday by the State of Maryland for the use of Mrs. Leona Gladys Hutzell, widow of Ralph Edward Hutzell, against Wylie M. Faw 2nd in the death of Hutzell in an accident last December 22 in the Narrows.

The declaration, docketed by Thomas N. Berry, attorney for Mrs. Hutzell, states that Faw was driving a car in an easterly direction on U. S. Route 40 in the Narrows about 3 a. m. on December 22, 1956 in a reckless and negligent manner.

It further stated Hutzell was walking on the sidewalk along the bridge across Wills Creek at that point and that Faw's car was being operated at a high rate of speed and crossed over the traffic lane and curb on the north side of the bridge and hit the railing.

The declaration alleges that the Faw machine then continued down the sidewalk and struck Hutzell with great force and hurled him over the railing into the creek.

Hutzell, who was 42 years of age at the time, was employed as a machinist helper by the B & O Railroad and the declaration states his widow has been deprived of his support and care.

Family Will Hold Annual Reunion

The 10th annual reunion of the Henry Clay Shepherd family will be held Sunday in Grove 4 of Constitution Park.

A basket picnic lunch will be served. Relatives and friends are invited.

PROMOTED — Harry W. McCunn, Eckhart, has been promoted to supervisor of training at the Amcelle plant of the Celanese Corporation. He came to the local plant in 1955 as employment supervisor. A graduate of the University of Florida, he was formerly employed at the Florida Farm Colony and by the Pennsylvania Railroad. He is a veteran.

More than 90 per cent of all the farms in Connecticut are electrified.

Local Woman Hurt In Auto Accident

Mrs. Harry C. Fink, 24, of Virginia Avenue, was admitted yesterday to Memorial Hospital with injuries suffered in an automobile accident near Short Gap.

Attaches, who reported her in "good" condition, said Mrs. Fink complained of pain in the head and stomach. She was a passenger in a car operated by her husband, William Fink, 25, who apparently escaped injury in the accident.

The mishap is reported to have occurred at about 2 a. m. as the car rounded a curve about three miles north of Short Gap. The vehicle skidded on gravel and crashed into a tree.

A Serious Need For More Study

Items deserving of research are turning up in great profusion and nearly every day. For instance: Something should be done to discover the root of the "progression of volume in relation to space factors" involved in packing for a vacation.

Months before the annual trip to the mountains, lakes or seashore, Father declares, "We are going to travel light this year. Don't take anything except essentials." And Mother and children dutifully repeat this oath with arms upheld.

Then, just to be on the safe side, Father borrows a car-top luggage carrier—in case there is some overflow from the trunk. Hearing this, cost-conscious Mother decides, "Since we have this space, we ought to take a tent and save on motels."

This naturally requires sleeping bags, cook stove, lantern, food supplies, etc. Presto, the volume of packed gear again exceeds the space available.

Trunk and carrier space and gear to fill them are somewhat like a man's salary and his wants. The latter always exceed the former.

Surely, with all the new fancy electronic computers and elaborate gadgets, some effort could be turned to this basic problem:

How to fit enough supplies and equipment to make a family feel "at home" at their favorite vacation spot (where they wouldn't be going if they really wanted to feel "at home") into space originally planned.

These Days

By George E. Sokolsky Who Wants Taxes Cut?

Everybody talks about high taxes and that they should be cut. But who really wants taxes reduced? Does the farmer who gets a subsidy want taxes reduced? Does the airplane company that gets a subsidy want taxes reduced? Does the shipping company that not only gets a subsidy but sometimes even a monopoly want taxes cut? Does the manufacturer who gets a subsidy in the form of war orders and who is bailed out when he faces bankruptcy want taxes reduced? Does the worker whose pockets are full of inflated money and who may face unemployment want taxes reduced? Do the vast horde of public workers, the bureaucracy, federal, state and municipal, want taxes reduced? What would they do for a living? Who really wants taxes reduced?

William Benton remarks on this subject most interestingly:

"In 1950, when I was the most junior member of the United States Senate, a big batch of Hoover Commission proposals came before the Committee on Expenditures, of which I was a member. To my surprise, many of these admirable proposals had no Senate champion. Perhaps because of my business background, these proposals appealed to me powerfully. I leaped into the breach, not, I like to believe, without some success."

Then he added: "The Senate had many able and dedicated men. Why had they not stepped forward? I quickly learned that, older and wiser than I, they knew there is almost no incentive for them in terms of popular support, meaning votes in the next election."

The Hoover proposals were made by two commissions, one appointed by President Truman, the other by President Eisenhower, the Vice Presidents and the Speakers of the House. The commissions were to recommend reorganization of the executive branch of the government, to improve it, make it more efficient, and to institute economies wherever possible. During the Truman Administration, to which former Senator Benton refers, considerable progress was made, but not enough. During the Eisenhower Administration practically nothing has been done, although a very emphatic Citizens' Committee engages in a propaganda to arouse public sentiment for the Hoover economies.

But who wants these economies? Certainly not the large number of effective pressure groups organized by every industrial, trade and particular activity association in the country. They each want economies for the other fellow, but as for themselves, they are indispensable and everything they do themselves is pro bono publico, even if it costs more than it should and adds to the velocity of the inflation. Do all those who are agitating for dams and roads and public power want economy too?

The DuPont decision of the Supreme Court, the one to which the public has paid the least attention, is the most serious in many years because it definitely reaffirms the principle that monopolies are intolerable in American life, and that the investment of one company in another must not be used to control the sale of the products of another or to use them preferentially.

The DuPont decision could be used to kill off the raiders who are becoming a pestilential element in the American economy, endangering not only the ownership of companies but the morale of management. If the American Bar Association which prides itself on the purity of its ethics and worries about photographers and television equipment in courts, would make a study of the role played by American lawyers in raiding established companies, it could perform as serious a service as was done years ago when ambulance chasers were discouraged. An economy in government operations could be found if it ceased to be necessary to police all corporate fiscal activities in this country to safeguard the citizens from crooks—a task that seems too often to end in failure.

Slowly a reporter gathers the details, the publication of which would now be libelous because not yet provable, unless a Congressional Committee of the stature and integrity of the Pujo Committee set out to discover the nature of raiding and what it is costing the American people in terms of increased costs and decreased efficiencies. It is becoming a serious item in our national economies and needs looking into if disorder, in the interest of specialists in raiding, is not to prevail. Meanwhile, who really wants taxes cut? Could it be the raiders who avoid paying taxes?

Quake-Proof Construction

Sen. George And The Blessings Of Democracy

By David Lawrence

WASHINGTON — The past speaks for the present. That is one way of expressing the significance of the life of Senator Walter George of Georgia, whose death is being mourned by the whole country.

For in Mr. George's career is a poignant lesson to all those "modernists" who have been confusedly demanding the vigorous exercise of executive "leadership" and punitive discipline by the President over members of his own political party. Here is the story that made political history.

The time is 1938. Franklin D. Roosevelt, author of New Deal reforms, finds Senator George, Democrat, out of tune with his legislative proposals, particularly Mr. Roosevelt's scheme to "pack" the Supreme Court. Heeding the cry that Presidential "leadership" must compel obedience to its commands, Mr. Roosevelt undertakes a "purge." He makes a speech advising the people of Georgia to defeat their Senator for renomination in the forthcoming primaries.

There is nothing personal in the dispute—just a piece of political pressure to require a Senator to forget his own convictions and obey the dictates of the White House. Mr. Roosevelt speaks in Georgia—in the presence of Senator George, on the same platform—as follows:

"The senior Senator from this state cannot possibly, in my judgment, be classified as belonging to the liberal school of thought . . . Let me make it clear that the (Senator George) is, and I hope always will be, my personal friend. He is beyond question a gentleman and a scholar . . . I am impelled to make it clear that on most public questions he and I do not speak the same language . . ."

Sanitation Can Prevent Invasion By Flukes

By Dr. Theodore R. Van Dellen

Bilharziasis (snail) fever is unheard of in this country but it is a big problem to 150 million Asians, Africans, and Central and South Americans. More than half of the population of Egypt has the disease and eggs are still found in Egyptian mummies dating back to 2000 B. C.

Schistosomiasis, the technical name of the infection, is caused by a fluke that lives in the blood vessels extending from the bladder or intestine to the liver. The female lays eggs that travel to the liver or pass through the intestinal wall and are expelled in the stools. Others select the

wall of the bladder and are excreted via the urine.

The eggs and embryos that find their way into ditches, streams or irrigation canals are the future trouble makers. By this time the egg is broken and the embryo scurries about looking for a small snail to enter. Maturity occurs in this new home; 200,000 larvae are reproduced.

These progeny soon leave home and seek humans to complete their life cycle. They swim about looking for someone who is bath-

ing in the water. The parasite takes hold and quickly passes through the skin; via devious routes it finds a way into a blood vessel and here we go again.

How much the victim of bilharziasis suffers depends upon the number of parasites are harbored. The eggs produce substances that irritate the walls of the bladder and intestine. Symptoms include a bloody discharge, acute abdominal tenderness and pain, loss of appetite and weight, weakness, and pallor. When the bladder is invaded, there is burning pain along with bladder colic and dull aching in the groin.

The ruinous aspect of the disease occurs with repeated infections. The liver bears the brunt and cirrhosis is a common complication. Colitis and other chronic disturbances of the gastrointestinal tract may develop.

Treatment consists of the injection of potassium and sodium antimony tartrate. But these products are irritating and toxic hence the cure may be worse than the disease.

This means that preventive measures are needed. It is almost impossible to get rid of the snails but it is up to the people to improve their sanitary conditions, to stop the eggs from hatching the snails.

Federal Worker's Slip-Up Revealed Politics In Diplomatic Appointments

By Drew Pearson

WASHINGTON — Despite President Eisenhower's angry denial that he ever appointed an ambassador because of political contributions, the Senate Foreign Relations Committee has discovered quite by accident that the State Department clears every diplomatic appointment with the Republican National Committee.

A State Department stenographer made a slip and sent the wrong letters to Foreign Relations Chairman Theodore Green (D-R.I.). The letters were supposed to have been sent to the ranking Republican, Sen. Alexander Wiley of Wisconsin. Instead, Democratic Senator Green was assured on two occasions that ambassador-nominees had been cleared with the Republican National Committee.

Green has now demanded to know whether the State Department or the Republican National Committee is running our diplomatic service.

The Foreign Relations Committee is also tracing the political contributions of key ambassadors and finds overwhelming evidence that Ike just didn't know what he was talking about or else wasn't telling the truth when he said campaign contributions didn't influence diplomatic appointments. The committee's findings indicate that diplomatic posts are put on the auction block and almost sold for cash on the barrelhead to campaign contributors.

Roll-Call Of Money-Raisers

The chief money-raiser for last

year's campaign, GOP National Treasurer J. Clifford Folger, was appointed Ambassador to Belgium. He and his wife not only raised money, but gave \$10,500 out of their own pockets. Aside from his money-raising ability, Folger has no other known qualification for handling our complicated foreign affairs.

Total contributions of \$8,500 have been traced to James David Zellerbach's immediate family. He's the California paperbox king who was named Ambassador to Italy, a juicy diplomatic plum.

Ike's new Ambassador to France, Amory Houghton, coughed up \$6,000 and his son gave another \$2,500. John Hay Whitney, Ambassador to Britain, has long been a big Republican contributor. Ten contributions have been traced to him and his wife, totaling \$30,000. Other family members also donated heavily to the 1956 campaign.

The former Ambassador to Denmark, Robert T. Coe, got his job after contributing to the Eisenhower campaign in 1952. He reportedly was asked for a more substantial donation in 1956. The records show his family scraped up \$6,190.

"It was more than that. I doubled my 1952 contribution," Coe told this column by long-distance to his home in Cody, Wyo. But apparently it wasn't enough; he was kicked out as ambassador.

Coe admitted he was surprised at his replacement, but denied it had anything to do with his campaign offering.

"Don't you get me in trouble in Washington," he said.

Some Money Hard To Trace

It's no secret that only a percentage of the actual campaign contributions are officially recorded. The balance is often passed under the table. All Ike's non-career ambassadors are known to have donated to the political pot.

However, it's difficult to trace the individual contributions. For example, Jefferson Patterson, Ambassador to Uruguay, gave

\$4,000 to the Eisenhower campaign in Dayton, Ohio. The records also show another \$20,000 contributed by Jefferson Patterson and his wife in Washington.

Robert Thayer, Ambassador to Rumania, is listed as donating \$1,000 via the American Embassy in Vienna, Austria. Two contributions of \$1,000 and \$2,000, respectively, have been traced to Mrs. Thayer in Vienna. Still another \$2,000 shows up in the record, contributed by Mrs. Thayer in Washington.

The evidence clearly shows that the political spoils system is followed in handing out diplomatic posts. This may explain why the United States has suffered so many diplomatic setbacks.

Note—The man who stirred up the controversy over political ambassadors, Maxwell Gluck, admitted contributing \$36,000 to two Eisenhower campaigns. He was a close friend and associate of Ben Javits, attorney brother of Sn. Jack Javits of New York. Senator Javits didn't want to appoint Gluck from New York, so arranged with his Republican Senate friends from Kentucky to appoint him from that state, because Gluck kept a racing stable in Kentucky.

Washington Pipeline

Red China has offered to send arms to Indonesia's embattled President Soeparno to help keep his country under control. Indonesia is drifting ominously close to Communism...Chip Robert, former treasurer of the Democratic National Committee, is spending a weekend on the Island of Bali with President Soeparno later this month. Evie Robert is betting he'll counteract Khrushchev. Ex-Undersecretary of State Herbert Hoover, Jr., once eased out of the State Department, is now working unofficially almost full time at the State Department. He's advising on oil imports. Democratic Senators are watching a possible conflict. Hoover was once employed as adviser by Iran, Venezuela, Brazil, and Peru which export oil to the United States.

Trail Of Tears

By Brother Barnabas

Not many generations ago where you now sit, Circled with all that exalts and embellishes civilized life The rank thistle nodded in the air And the wild fox dug his hole unscared; Here lived and loved another race of beings; Beneath the same sun that rolls over your head The Indian hunter pursued the panting deer, Gazing on the same moon that smiles for you The Indian lover wooed his dusky mate.

Thus an early American poet sentimentalizes about the first dwellers on American soil, the Indians.

The episode of Pocahontas, daughter of the Indian chief Powhatan, and Capt. John Smith which we read about in grade school further glamorizes the red man. She threw her arms around the head of Capt. Smith to keep his brains from being crushed out with heavy clubs.

Among her descendants were the Bollings, one of whom married President Woodrow Wilson in 1915.

On the other hand read this sulphurous Epitaph of one who thought the only good Indian was a dead one:

To Lem S. Frame, who during his life shot 89 Indians whom the Lord delivered into his hands, and who was looking forward to making up his hundred before the end of the year, when he fell asleep in Jesus at his house at Hawk's Ferry, March 27, 1843.

Even to catalog the agencies that have been at work trying to improve the status of the Indians would take more space than is here available.

Many churches, Protestant and Catholic, and the Federal Government have conducted missions, built churches and hospitals, and established schools.

In Worcester Mission Cemetery there lie the bodies of Samuel and Ann Worcester enclosed by an iron fence. The monument bears the inscription: "To his labors the Cherokees are indebted for their Bible and Hymn book."

Clinton Indian Hospital was opened by the Federal Government to care for the sick among the Indians. At first they were shy, but now they welcome its benefits.

At the time Oklahoma was acquired as part of the Louisiana Purchase in 1803 it was a wild and unsettled region.

The present area of the state (with the exception of the Panhandle) became Indian Territory in 1830, and was set aside as the permanent home of the Five Civilized Tribes: the Cherokees, Creeks, Chickasaws, Choctaws, and Seminoles.

These tribes were forcibly re-

moved from their lands in the Southern states by the Federal Government, and their pilgrimage through the wilderness country to their new home came to be known as the "Trail of Tears."

The Seminoles fought hard to remain in Florida. Some still remain in the Everglades.

Bowlegs, a grandson of Billy Bowlegs, a chief resister to the removal, struck it rich in the Seminole allotment. He drilled a gusher and by 1955 the field had produced 135,000,000 barrels of oil and the town was named Bowlegs. There may be a fortune in your legs!

A conservative faction of the Creek tribe named their new location Wetumkah, after their native town in Alabama.

Along with the name they brought the fire with which they started, two braves being assigned to keep the embers alive from place to place.

At the western Wetumkeh a new communal heart was dedicated: "Here is our town," said the leader of the band, "we shall go no farther west." The Indians are a religious people.

The Indian may be as canny as a Scot. One of them wanted to borrow money from the bank. "How much do you need?" asked the banker.

"Me want \$200." "For how long?" inquired the banker. "Maybe two week; maybe two month."

"And what security have you?" "Me got 200 horses." The loan was made.

A short time afterwards the Indian came into the bank with \$2,200, paid off the note, and started to leave with the rest of the roll.

"Why not let us take care of that money for you?" Looking the banker straight in the eye, he asked, "How many horses have you?"

It's a badge of distinction to have Indian blood in one's veins. Will Rogers was proud of it. Sam Houston joined the Cherokees and married one of them.

However I would not advise spinsters to come to Oklahoma with that object in view, when there are so many other good reasons for coming. So says BROTHER BARNABAS, in Oklahoma.

You're Telling Me!

In Cairo, Egypt's President Nasser staged a three-and-a-half-hour parade of his nation's weapons. It was the biggest demonstration of made-in-Russia stuff since the last May Day shindig in Moscow.

As a token of gratitude for hospitality shown his command, a U. S. Air Force Lieutenant invited 400 townspeople of Hof, West Germany, to a party. Five thousand showed up. What's the German word for "freeloader"?

Yanks Lose To Orioles, 4-3, Edge Cut To Four Games

Bob Nieman Bats In All Birds' Runs

Hits Base Clearing Double And Homer, Whitey Ford Loser

By GORDON BEARD

BALTIMORE, Aug. 9 (AP)—Bob Nieman snapped out a slump to-night with a home run and two doubles as he drove in all the runs for the Baltimore Orioles in a 4-3 victory over the New York Yankees.

The loss, third straight and fourth in their last five games, left the Yanks four games ahead of second-place Chicago in the American League standings.

Nieman slugged his 10th homer in the fourth off loser Whitey Ford and hit a base-clearing double in the sixth following singles by Billy Gardner and Bob Boyd and a walk to George Kell.

The homer was Nieman's first since July 21. The big outfielder, who hit 320 last season, entered the game with a .254 average and one hit in his last 21 games at bat. Lefty Bill Wright started for the Orioles and gave up 10 of New York's 11 hits before being relieved in the eighth following Mickey Mantle's single his third of the game. George Zuverink, making his 44th appearance of the year, gave up only one hit over the last two innings.

Ford, trying for his third straight complete game since recovering from a shoulder injury, lost his third in 10 decisions.

The Orioles, winners of seven of their last eight games, moved into fourth place ahead of the Cleveland Indians who lost to Kansas City 3-2 in 13 innings.

Akins Stops Sugar Hart

Cleveland Scrap Ends In Eighth

CLEVELAND, Aug. 9 (AP)—Veteran Virgil Akins knocked down young Sugar Hart with a surprise overhand right in the seventh round, and stopped the dazed young Philadelphia welterweight at 49 seconds of the eighth round of their scheduled 10 rounder in Cleveland's Public Hall tonight.

Akins, a 29-year-old St. Louis slugger with a vicious right hand, was staggered himself in the fifth round, when Hart landed a right to the head and two left uppercuts. But the veteran Akins waded back and fought the youngster on even terms in the sixth.

Towards the end of the sixth, Akins landed a hard left on Hart's jaw and a left to the body and had the Philadelphia boxer backed in a neutral corner at the end of the round.

Lions Defeat Elks At Frostburg, 3-1

FROSTBURG, Aug. 9 — The Lions defeated the Elks in Little League game here today by the score of 3-1 behind the one-hit pitching performance of Jimmy Wilson, who fanned seven batters.

A homer by Ralph Spriggs in the first inning was the only hit yielded by Wilson. Wilson obtained two of the six hits credited to the first place Lions. Harold Winters, Elks' hurler, struck out 10. Score:

Barrelville And Zihlman Play Today

Both Teams Boast Winning Streaks

Two winning streaks will collide head-on today when the second place Zihlman Club and the Barrelville Old Exports meet in the Pen-Mar League "game of the day" at Zihlman.

Barrelville, occupant of third place, a game back of Zihlman, will put a seven-game winning streak on the line while Zihlman, trailing the front-running Hyndman Merchants by three games, will try to extend its winning streak to nine games.

Since losing to Zihlman July 4 by the score of 5-1, Barrelville has beaten Wellersburg 8-5 in twelve innings, Centerville 13-1, Grantsville 13-3, Flintstone 9-0, Hyndman 10-3, Mt. Savage 7-1 and Grantsville 8-0. In those seven games the Old Exports have scored 68 runs to the opposition's 13. Jesse Markley has won three of the games, Jim McGregor, two, and Bill Dickel and Bobby Raines one each.

Zihlman's last loss was to Hyndman (8-5) on June 29. Since then Zihlman has whipped Barrelville 5-1, Mt. Savage 2-0, Hyndman 7-5, Centerville 12-1, Wellersburg 12-3, Flintstone 9-0, Centerville 3-1 and Wellersburg 15-6. During that eight-game spree Zihlman has piled up 65 runs while yielding 17. Bobby Dawson has won four of the games and George Bishields a like number.

Zihlman Holds Edge

Zihlman and Barrelville will be tangling in the fourth and final game of their season series. Zihlman has copped two games, 7-0 and 5-1 and Barrelville one, 6-2. Hyndman's first place Merchants should take Flintstone's Farmers (0-21) when the teams meet today at Penn Avenue Field. Other Saturday games are Centerville at Mt. Savage Old Germans, who will be striving to break a five-game losing streak, and Grantsville at Wellersburg.

Barrelville At Hyndman

The big attraction Sunday is Hyndman's engagement with Barrelville at Hyndman. Manager Gene Stair's league leaders hold a 2-1 edge in this series. The Pennsylvanians have won by scores of 5-4 and 16-1 and "Buck" Fiorita's club bagged a 10-3 decision.

Zihlman plays Flintstone at Penn Avenue Field tomorrow. Grantsville hosts Centerville and Mt. Savage is at Wellersburg.

At Saturday and Sunday games will get under way at 2:30 o'clock.

The pennant contenders have played 22 games to date and have only six more before the regular season ends on Sunday, September 1.

City League Leaders Tied

Hermans Win, 6-3, Over Old Exports

CITY LEAGUE

Hermans ... 15 5 Old Exports ... 13
K. of C. ... 15 5 Blue Ribbon ... 4 16
Old Germans ... 11 9

The City Softball League raced ended in a tie yesterday when the Hermans whipped the Old Exports at Stitzer Field by the score of 6-3.

Manager Jimmy Allen's Hermans are now tied with the Knights of Columbus for first place, each team owning 15-5 records.

Hayden Phillips posted his sixth win of the season against two losses, holding the Old Exports to five singles, two of which were credited to Meeks. Rod Breedlove smacked a double and single and Ref Moreland rapped a pair of singles to spark the Hermans at the plate.

"Sonny" Shaffer, the loser, wound up the season with a 4-8 record.

Exploding for six runs in the 7th inning, the Blue Ribbon Bakers came from behind to cool off the red hot Old Germans by the score of 7-4. Bill Hudson's single drove in what proved to be the winning run. The loss halted the Old G's five-game winning streak.

The bakers closed the season with a 4-16 log. Eight of the defeats were by the margin of one run.

Bill Hudson and Jake Koelker had two hits each for the Bakers. Sonny Method collected a triple and two singles for the Old G's. Losing pitcher Bob Hook cracked a home run to give the losers a short-lived 3-1 lead. Then the roof came tumbling down. Neil Toey went the route for Blue Ribbon and notched his third win of the season.

Roy Perrell played a nice defensive game at third base for the winners. "Brindle" Long turned in a nice backstopping job for the losers. Scores:

Dodgers Beat Bucs Behind McDevitt, 4-2

Friend Is Handed 15th Loss Of Year

PITTSBURGH, Aug. 9 (AP)—The Brooklyn Dodgers snapped a three game losing streak with a 4-2 victory over the Pittsburgh Pirates tonight.

Danny McDevitt, Brooklyn's rookie southpaw, was credited with his fifth victory against one defeat.

Duke Snider, back in the Brooklyn lineup after missing six games with a bad knee, hit a solo homer in the eighth, his 27th of the year.

Bob Friend, was staked to a one-run lead by the Pirates in the first. But he couldn't hold the advantage and suffered his 15th defeat against 7 victories.

Brooklyn scored twice in the fourth on a single by Pee Wee Reese, a walk to Snider and Carl Furillo's single. Snider's homer, a walk to Gil Hodges, a sacrifice, a single by Gino Cimoli and an error gave the Dodgers two more runs in the eighth.

Barnes scored the All-Star touchdown and Paige Cotren of Mississippi kicked two field goals and narrowly missed a third.

Conerly passed for both the Giant touchdowns, but Ben Agajanian added the spectacular touch with his two field goals for the New York team. He kicked one from 33 yards away in the first period and another from 45 in the fourth.

Rain fell off and on throughout the game.

Redlegs Stop Chicago, 9-7

CINCINNATI, Aug. 9 (AP)—The Cincinnati Redlegs belted three homers tonight, including Smokey Burgess' three-run game-winning blast, and defeated the Chicago Cubs 9-7 in the first game of a doubleheader.

The Reds had to come from behind twice, the first time after tying the score, 4-4, on two-run homers by George Crowe in the first inning and Frankie Robinson in the third.

Six of the Cubs' runs came on three homers, including Bob Speake's three-run smash in the seventh. Dale Long and Chuck Tanner also homered.

Redlegs Win Two

CINCINNATI, Aug. 9 (AP)—A four-run uprising on five hits in the eighth inning carried Cincinnati's Redlegs to a 6-4 victory over the Chicago Cubs tonight in the nightcap, completing a double-header sweep.

The Reds outslugged the Cubs in the opener for a 9-7 triumph. In both cases, the Reds had to swarm from behind twice before nailing down the decision.

All-Stars Bow, 22-12, To Giants

Conerly Passes Pros To Victory, 75,000 See Game

By TED SMITS

CHICAGO, Aug. 9 (AP)—Chuck Conerly passed the New York Giants to a 22-12 victory over the College All-Stars tonight before a damp crowd of nearly 75,000 in Soldier Field.

John Brodie of Stanford almost matched Conerly's passing skill and Billy Ray Barnes of Wake Forest wiggled his way through the Giant offense to keep the game in suspense almost to the end.

Barnes scored the All-Star touchdown and Paige Cotren of Mississippi kicked two field goals and narrowly missed a third.

Conerly passed for both the Giant touchdowns, but Ben Agajanian added the spectacular touch with his two field goals for the New York team. He kicked one from 33 yards away in the first period and another from 45 in the fourth.

Rain fell off and on throughout the game.

Ellerslie, Mt. Savage Post Wins

Cop Pony League Playoff Openers

Ellerslie's pennant winners defeated Cresaptown, 12-3, and Mt. Savage blanked Lonaconing, 10-0, as the playoffs in the Bi-State Pony Baseball League got under way yesterday at Ellerslie and Mt. Savage.

Twain Lowery scattered five hits and struck out five as Ellerslie bagged the opener of the best-of-three series. Donnie Lowery rapped a triple and two singles and Royce Waltman also had three blows for Manager Curtis Hickie's team. Shortstop Kamauf of Cresaptown banged a triple and single.

The second game of the series is set for Monday at 5:45 p. m. at Cresaptown.

Bobby Green tossed a three-hitter and whiffed six in the Mt. Savage triumph. One of the hits was a two-bagger by Hunt.

Ronnie Emerick blasted a homer and single, Tommy Deffenbaugh hit a round-tripper and Fay Often obtained a double and single as Manager Ralph Dickel's outfit collected an even dozen blows.

Lonaconing will be the scene of the second game of this series Monday at 5:45 p. m. Scores:

Ramos Blanks Red Sox, 8-0

Pedro Ramos Wins Over Tom Brewer

BOSTON, Aug. 9 (AP)—Washington's Pedro Ramos, long time Red Sox tormentor, hurled a six hit, 8-0 victory over Boston tonight for the Senators' seventh triumph in their last eight games. First baseman Art Schult drove in four runs.

Ramos has an 11-3 lifetime record against the Sox.

The lean righthander was assured his ninth victory of the season ace Tommy Brewer with a four-run uprising in the eighth inning.

Washington got two hits in that spree but capitalized on four walks, a hit batsman and a sacrifice.

Sox slugger Ted Williams got two singles in four trips to lift his major league leading average to .391.

Indians Lose, 3-2

CLEVELAND, Aug. 9 (AP)—Billy Martin's single in the 13th inning scored Bob Cerv from second base and led the Kansas City Athletics to a 3-2 victory over the Cleveland Indians tonight.

The defeat dropped the Indians into fifth place, a half game behind the Baltimore Orioles.

Roger Maris tied the score with a home run in the ninth inning off Ralph Terry, who held the Indians to three hits until that point. The only other run off Terry was a fifth inning homer by Vic Wertz.

Manager Marrale Is Hospitalized With Broken Nose

Louis Marrale, 35, of Bowman's Addition, manager of the Optimist Club team in the Hot Stove Baseball League, suffered a broken nose when struck by a foul ball during the Elks-Optimists game Thursday at Penn Avenue Field.

Marrale is now a patient at Sacred Heart Hospital.

Giants Whip Roberts, Bag 4th Straight

Crone Is Winner Over Phils, 6-2

NEW YORK, Aug. 9 (AP)—Right-hander Ray Crone gained his first victory since June 18 tonight, beating Philadelphia 6-2 with a five-hitter as the New York Giants won their fourth in a row and tagged Robin Roberts with his 15th defeat.

It was only the second victory as a Giant for Crone, who came to New York with a 3-1 record in the Red Schoendienst deal with Milwaukee June 15. Crone now is 5-6.

The Giants rapped 10 hits, collecting eight in the first three frames as they scored three in the first and three in the third off Roberts, who has won eight. Ray Jablonski had three Giant hits. Hank Sauer hit his 17th home run, a two-run job and his third in three games.

Both Phillies runs were unearned. Richie Ashburn, who had two hits, collected both with a fifth inning single.

Post, Peskin's Chalk Up Wins

Hess Notches 14th And Phillips 8th

Post Playground won its final game of the Rec Softball League season yesterday when Gene Hess tossed a one-hitter and beat Marine Reserve at Post Field by the score of 5-0.

Hess concluded the regular season with a 14-2 record and boosted his strikeout total to 158 in 16 games by whiffing 13 Marines yesterday. Post's finished the season in second place with a 14-4 record.

Luiz obtained the Marine's only hit in the first inning.

R. C. Lewis and Don Perdw belted home runs for Post's while Manager Basil Williams made several nice catches in right field. "Acree" Stickley collected two of Post's eight hits.

Ronnie Phillips made it 8-1 as Peskin's Shoe Store routed Western Maryland Railway at Naval Reserve Field by the score of 22-5.

Phillips tossed a two-hitter, hit a grand slam homer and two singles and Jim Hinkle also got three safeties, including a round-tripper. Russell lapped a triple for the railroaders. Scores:

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, Aug. 9 (INS)—Popular young Tab Hunter, the teenagers' delight, has been taken off suspension and gets one of the plum roles at Warner Brothers. He'll play the young baseball player in "Daddy's Girl" and it's very interesting the way George Abbott and Stanley Donen are planning to make this popular play.

They'll do it just as they did with "Pajama Game" and bring the two top players from the New York cast to co-star with Tab. Glenn Verdon, who was the whole show on Broadway, and Ray Walston, also in the cast, will have the roles they created on the stage.

I admire the good sense of Frank Sinatra in tying up Frank Capra to direct "Hole in the Head," the play that Frankie thought a couple of months ago.

I talked with Frankie at the Villa Capri, where he was having dinner, and he told me that he won't do "Hole in the Head" until after he finishes "Kings Go Forth." Frank Capra is also tied up, he said. He has to make his own film at Columbia so this just works out fine.

This play, which starred Paul Douglas on Broadway, should bring gold into the Sinatra coffers since everything Frankie touches these days seems to be a success.

Marlon Brando is back in town and ready to go to work Monday with "Young Lions." This will be his last picture for any film company for a time. He plans to devote all of his time to his independent organization and will take an active part in production with George Glass and Walter Seltzer as executive producers.

Marlon says he plans to produce at least one picture a year and star in one.

Hal Wallis' son, Brent, the story editor, is so excited and happy over his job, that he reads far into the night.

Gary Cooper was like a great big kid when he played host to 300 orphan youngsters from his native state of Montana. The group was touring the southern part of California in seven Greyhound buses, and Gary gave them a big breakfast. He had a ball with these children of all ages, colors and creeds. Seven Indian children made him an honorary chief of the Blackfoot tribe, and named him Henry North Wind.

Why the "Henry" I don't know. But I do know that things of this sort are so little publicized, and are so typical of many of the fine things done by our top stars in this town.

Snapshots of Hollywood collected at random:

Gail Whitney, pretty 18-year-old daughter of C. V. (Sonny) Whitney, had dinner with Pat Wayne, John's son. Mrs. Mary Lou Hosford and Sonny were also at Lee Anderson's penthouse.

Bill Hollingsworth was Patricia McClintock's date at night tennis and dinner. He's another one of the admirers hanging around this Tulsa beauty.

Cynthia Lemon Robertson, who has to stay in the Midwest another month while her bridegroom, Cliff Robertson, fulfills an engagement, is sending her small son Chris to Hollywood with a nurse because Jack Lemon wants to see his boy.

Business is so good in his New York sports clothes company that Bob Evans is back in town. His first date was with Dorothy Malone and the Oyster House.

Today Jimmy and Gloria Stewart celebrated their eighth wedding anniversary at a ranch in Northern Nevada with their children.

Fred MacMurray did so well as the substitute emcee for vacationing Hal March on the "54,000 Question" TV show that he's had a big offer from one of the networks for a steady job.

That's all today. See you Monday.

Market Slips In Slowest Session In Five Months

NEW YORK, Aug. 9 (AP)—The stock market slipped a little lower today in the slowest session in five months.

Except for a few wide moving specialties, price changes were mostly under a point.

Volume of 1,570,000 shares compared with yesterday's 1,690,000 shares and was the smallest since 1,340,000 shares changed hands on last March 19.

Trading was selective, with only 1,112 issues dealt in.

The Associated Press average of 60 stocks declined 10 cents to \$181.30, with industrials up 20 cents, rails off 20 cents and utilities off 20 cents.

Sunshine Mining was the most active stock, off 1 1/4 at 12 1/2 on volume of 39,800 shares.

General Dynamics, which reported improved earnings, was next, up 1/4 at 56 1/4 on 30,000 shares. It was followed by Bethlehem, unchanged at 46 1/4 on 24,400 shares, and by General Motors, up 1/2 at 45 1/2 on 20,000 shares.

B&O To Make Huge Cut For Spur Line

MANNINGTON—The Baltimore and Ohio Railroad plans to make the biggest track cut ever constructed on its lines when it starts building a new four-mile spur line here.

The new spur, to be completed by November 1958, will serve the Simpson Coal and Chemical Corp.'s new mining developments.

The huge cut into the adjoining hillside will be made immediately after the spur leaves the main line and starts up Dents Run. It will require removing 626,000 cubic yards of dirt and rock, and will have a maximum depth of 155 feet.

The road's engineering department figured the cut would be cheaper than a tunnel.

G. E. Norris, the B&O's resident engineer at Clarksburg, W.Va., will be in charge of construction in the field.

Nigerian To Speak At Grantsville

GRANTSVILLE—Fola Soremekus of Nigeria, Africa, will speak in Grantsville Methodist Church Sunday morning at 11:30.

Soremekus was reared in a Christian home and is a Methodist. He has been in the United States nearly a year, furthering his education at Tabor College in Kansas.

While in his home country, he was a member of the church choir, MYF, a youth organization and the Boys' Club. At Tabor he is a member of the Oratoric Society, the Forensic Club, and the Freshman Choir.

Filter Plant Running Test Is Scheduled

New Contact Units Will Be Included

A performance test of this city's modernized water treatment facilities will begin next week, according to Water Commissioner William J. Edwards.

Plans for the test of the complete operation of facilities which have been added to the Lake Gordon filter plant during the past few years were made at a meeting yesterday morning in City Hall.

Attending were Robert T. Regester, consulting engineer who designed the facilities, Mayor Roy W. Eves and Mr. Edwards.

Mr. Regester told the city officials his staff is getting ready to run a one-week test of the facilities and that he will send an expert filtration engineer here to supervise the test.

Included in the test will be the six new filter units which were completed in 1953 at the cost of some \$310,000, the 12 original filters which were modernized for some \$200,000 and the contact basins and related work which is now being completed under a \$93,000 contract.

The test is expected to set the stage for the acceptance of the work being completed by the Hazelwood Construction Company.

Mr. Regester told the Mayor and Council Thursday night he will submit a formal recommendation Monday to accept the sewage treatment plant from the contractor.

Acceptance has been accomplished since Monday afternoon, when the Mayor and Council made the final payment to the contractor. As specified in the contract, the city will hold back about \$79,000 of the adjusted contract price for a year to guarantee performance of the plant.

Preston Girl Wins Md. 4-H Dress Contest

COLLEGE PARK, Md., Aug. 9.—A shirt-waisted dress trimmed with lace and tucks has won an armful of red roses and an expense-paid trip to Chicago for a 16-year-old Preston, Md., girl.

Anne Plummer, daughter of Dr. and Mrs. Harold B. Plummer, earned the 5-day trip to the National 4-H Club Congress in Chicago by winning the state dress revue contest at the annual 4-H Club week which ended today at the University of Maryland.

In Chicago Dec. 1-5, Anne will represent Maryland in the national 4-H clothing project contest. A nine-year 4-H'er, she won the Chicago trip on her second try.

Anne's dress was chosen best among entries submitted by 57 other delegates, representing 21 counties in Maryland. The top three runners-up were Patricia Beard, 14, of Edgewater; Judy Buckel, 16, of Beltinger, and Laura Jane Linn, 15, of Clarksville.

Miss Lavonia Hilbert, state extension clothing specialist, said 915 local 4-H club leaders had a big share in the success of the state clothing project.

Several friends of 4-H club work were guests at a luncheon today and heard a talk by Miss Kathleen Raver of Reisterstown, a homemaker and former 4-H'er.

A group of 120 4-H'ers participated in a pageant entitled "We're On Our Way." Pageant director Mrs. Merle L. Howes of Amherst, Mass., was given a plaque in appreciation of her work with the delegates.

On the closing night's program were a pop concert by the 2nd U.S. Army Band and a consecration service for new initiates in the 4-H All Stars, an honorary service organization.

Tomorrow the 1,200 delegates will return to their homes throughout the state.

Holy Name Groups Will Attend Mass

Both the senior and junior Holy Name societies of SS. Peter and Paul's Parish will attend the 7 o'clock mass tomorrow and receive in a body, according to James E. Robertson, president.

School Board Will Send Child To Pennsylvania

The Allegany County Board of Education is going to pay the cost of sending a county pupil to a school in Pennsylvania this fall because of a bus transportation difficulty.

Arthur G. Ramey, supervisor of transportation in county public schools, appeared before the County Board of Commissioners yesterday and said that after conferring with Ralph R. Webster, schools superintendent, it was decided the board will pay the cost of sending the child to school in that state.

Mrs. Benjamin Lashley Jr., who resides on Bear Camp Road in the Flintstone section, has been sending one of her children to school in nearby Bedford County because the Allegany

SUE POWERS

CHICKIE DECKER

Two Talented Teen-Agers To Dance In New York

Two talented young teen-age dancers have accepted invitations to dance before the National Association of Dance and Affiliated Artists at its annual meeting in the Roosevelt Hotel, New York City, this month.

Sue Marie Powers, 13, daughter of Mr. and Mrs. Leo Powers, 310 Vine Place, will make her guest appearance today.

Chickie Decker, 15-year-old daughter of Mr. and Mrs. James Decker, 814 Manns Terrace, will appear on Saturday, August 17.

Both girls are four-year students of the Dixon Dance Studio here, and will go to New York with their instructor Mrs. Verly McPartland, and their piano accompanist, Mrs. Arch Dixon.

Miss Powers is an eighth grader at Catholic Girls Central here, and plans a career in singing and dancing. She appeared in Minstrelks here, is a member of the Dixette Dance Group, and during the past year has appeared at numerous local social and benefit affairs. In New York she will present a tap routine, "Bop Rhythm."

Miss Decker is a tenth grade student at Catholic Girls Central and is also a JV cheerleader for LaSalle. She has also appeared before clubs and in local entertainments including the Minstrelks. Her ambition is to become a model and dancer and perhaps a dance instructor. In New York, she will present an intricate tap routine, "Busy Beat."

Club Asks Repairs To Old School

The Allegany County Board of Commissioners yesterday considered a communication received from the Pekin Community Club in reference to financial assistance needed for improvements to the Pekin School building leased by the club in 1954 for 15 years.

In the letter, Miss Genevieve McKenzie, secretary of the club, outlined a number of improvements undertaken and paid for by the club.

However, the letter stated, the organization finds the second room in deplorable condition and needs plaster work and repainting.

The outside of the building also needs improvement work. The club invited the board to inspect the building "to better understand our needs."

James G. Stevenson, board clerk, was notified to contact Miss McKenzie and inform her Gorman E. Getty, counsel of the board, will meet with the club at its next meeting to discuss the matter.

Find Short Circuit

South End Fire Company was called to the home of James C. Swick, 724 Maryland Avenue, yesterday morning after an electric wire short circuited. No damage was reported.

Because of the condition of the road, the Board of Education had decided to pay the cost of sending the Lashley child to a Pennsylvania school.

The family will soon have two other children who will reach school age. Last year the Lashley child attended school in Clearville, riding a Pennsylvania school bus which comes near their home.

Earl E. Manges, local attorney, recently appeared before the Board of Commissioners on behalf of Mrs. Lashley requesting the board to install a bridge across a stream which bisects the roadway.

Because of the condition of the road, the Board of Education had decided to pay the cost of sending the Lashley child to a Pennsylvania school.

The family will soon have two other children who will reach school age. Last year the Lashley child attended school in Clearville, riding a Pennsylvania school bus which comes near their home.

Tax Collections In City \$47,206 Over Estimates

Reflects Increase In Assessments

Excess tax collections totaling \$47,206.89 were listed by Arthur G. Gibson, city auditor, in a report on the condition of the levy when the fiscal year ended June 30.

The additional income represents taxes collected on the approximately \$3,000,000 increase in assessments over estimates made when the tax levy was set. The city used \$73,500,000 of assessments in setting the 1956-57 tax levy.

The actual assessments, however, were boosted by about \$1,400,000 of real estate, about \$1,300,000 of personal property of corporations and about \$300,000 of personal property held by individuals.

Collect 97½ Per Cent

As a consequence, actual tax collections totaled \$1,224,506.89 instead of the \$1,177,300 which was anticipated from the levy. The tax collections represented 97½ per cent of the total tax levy, leaving only about \$30,000 still to come in.

The report showed the city ended the year with a surplus of \$237,923.58.

One unusual item was that the debt service account was overdrawn \$2,451.94.

Used For Coupons

This represents the first costs of financing the \$150,000 Memorial Hospital Nurses Home bond issue and the \$150,000 Flood Control bond issues sold September 25, 1956—after the levy was set. The first coupons on the bonds fell due during the fiscal year and the net cost totaled \$2,451.94 after accrued interest paid by the purchasers of the bonds was applied.

Debt service levies and expenditures usually come out even, since exact costs can be anticipated on all bonds outstanding at the time the levy is set.

Concert Band Plays Sunday

The Cumberland Municipal Band concert which was postponed last Sunday evening due to inclement weather will be held tomorrow at 8 p. m. in the Constitution Park amphitheatre.

W. Valgene Routh, conductor, said the program will open with the "Star Spangled Banner" (audience singing), followed by a march, "Under the Double Eagle," the "Semiramide Overture" and "Nola" in which soloists will be Fred Keyser, clarinetist, Al Bowman, saxophone, and Frank Munson, trumpet.

"Dark Eyes," a Russian folk song, "Española Cani, Paso, Double" and a march "Manhattan Beach," conclude the first half of the program.

A march, "Americans, We," will open the second half followed by the Piano Concerto featuring Miss Smith and "Dreams of Love" (Liebes-traume) with solo passages by Miss Smith.

The band will also play "Mississippi Suite Overture" and "Round and Round" before the audience joins in singing "Let Me Call You Sweetheart." The program will conclude with a march, "Semper Fidelis."

Officials said 45 persons enrolled for the course which was slated to end last night.

Classes next week will be Monday through Friday from 7 to 8 p. m. In charge are John Morris and Martha Miller.

Filthy House Ordered Closed Until Repaired

Health Officer Demands Action

Dr. W. Ross Cameron, acting health officer of Allegany County, has ordered the Maryland Realty Company, Depot Road, Frostburg, to keep a Klondyke dwelling vacant, repaired or destroyed and the lot cleaned up.

A letter stating the condition of the dwelling was received by the County Board of Commissioners. Certain families and county authorities requested a check be made on the home next to the Klondyke Water Supply.

On July 31 an inspection was made by J. B. Dowling, chief sanitarian and Walter Patterson, sanitarian of the county health department.

They found it "unfit for human habitation and dangerous to the life and health of the people that now occupy it." It is also a fire hazard and because of the need of repairs to the foundation, rafters and structure of the building, defective drainage and defective plumbing the premises are detrimental to health.

Dr. Cameron said in the letter to the Realty Company that the order is effective August 1.

Adult Swim Class Extended One Week

The Recreation Department said yesterday the adult swimming class which started Monday has been so successful it will be extended for another week.

Officials said 45 persons enrolled for the course which was slated to end last night.

Classes next week will be Monday through Friday from 7 to 8 p. m. In charge are John Morris and Martha Miller.

"Dry Spell" Slated For Imbibers On Election Day

Imbibers of alcoholic beverages will have to tolerate a "dry spell" in Cumberland on Tuesday, August 13, when eligible voters cast their ballot for or against the proposal to raise the city tax limitation to \$150.

A spokesman for the Allegany County Board of Alcoholic Beverages Licenses Commission said that holders of alcoholic beverage licenses within the city limits of Cumberland will not be permitted to sell such beverages between the hours of 7 a. m. and 8 p. m.

VFW Picnic Slated At Smouse's Beach

The picnic of Henry Hart Post 1411, VFW, will be held tomorrow at Smouse's Beach beginning at 11 a. m.

Harry Reiber, chairman, said the picnic is open to post members, auxiliary and social members and their families. Cars will be leaving from the post home for those who need transportation.

W. VALGENE ROUTH

Routh To Get Doctorate At Penn State

Two Others Will Receive Master's

William Valgene Routh, 502 Rose Hill Avenue, who has been supervisor of music education in the Allegany County public school the past four years, will receive his Doctor of Education degree in music education at the annual summer sessions commencement exercises at 10:30 a. m. today at Pennsylvania State University.

The new Dr. Routh will leave next week for Allentown, Pa., where he will assume new duties as supervisor of music education.

"The Construction and Validation of An Achievement Test in Music Appreciation for General College Students in the State Teachers Colleges of Pennsylvania" was the subject of his thesis, which was 18 months in preparation. He has been working toward his doctorate since 1949.

First In 1938

A native of Cambria County, Pa., Mr. Routh was graduated from Indiana (Pa.) State Teachers College in 1938 and received his master's degree at the University of Michigan in 1944.

Two other residents of Allegany County were scheduled to get Master of Education degrees in elementary education at the Penn State graduation.

Miss Gertrude E. Weaver, daughter of Mr. and Mrs. George E. Weaver, 1300 Kentucky Avenue, Mapleside, is the recipient of one of the master's degrees. A graduate of Fort Hill High School, she has been teaching since her graduation from Frostburg State Teachers College in 1952.

For two years, Miss Weaver taught at Mt. Rainier in Prince George's County and then for two-and-one-half years taught at a civilian school at Patrick Air Force Base, Coco, Fla. She has been attending classes at Penn State full time since February. She will teach in Philadelphia.

Mrs. Phyllis F. Wallace, RFD 1, Mt. Savage, also is scheduled to receive her master's degree today. A native of Mt. Savage and a graduate of Beall High School, she completed her undergraduate studies at Frostburg State Teachers College in 1953 and has taught fifth grade at LaVale Elementary School since then.

Hancock Resident

Donald K. Zilch, 7 Church Street, Hancock, is scheduled to receive a Master of Education degree in secondary education.

Hitch-Hiker Finds Ride Costs Money

A hitch-hiker who told City Police he lives in Kentucky, learned this week that it is more economical to travel by public conveyance.

Chester Witt, of Wooten, Ky., told City Detective James E. Van that he was hitching a ride from Bedford toward Cumberland when he was given a lift. En route he dozed and when he arrived in Cumberland, he got out of the car with a suitcase and hand grip unaware that his pocketbook containing about \$190 had been taken from him.

He was questioned by Pennsylvania authorities as well as local authorities and it has been determined the theft occurred in Maryland. Police got a vague description of the man who gave the "hitch-hiker" a ride for his money. Mr. Witt was held here for investigation and released yesterday. He gave local police a Baltimore address in the event anything develops.

Brothers Get Awards At Amcelle

Patrick L. Franklin, 15 Sharpless Street, and John A. Franklin, 42 Maryland Street, Keyser, brothers who have worked together in the Extrusion Department at the Amcelle Plant, completed 25 years of service last week and were presented gold pocket watches as a remembrance of their anniversaries.

Patrick was awarded his watch by R. Finley Thompson, plant manager. Prior to the presentation he also received a gold 25-year, five-star Celanese service award and certificate from J. A. Hancox, superintendent of extrusion manufacturing section. Patrick is married to the former Flora Borror and they have a daughter in nurse's training at Sacred Heart Hospital and a son who is a naval cadet pilot aboard the USS Wasp. For the past 20 years he has played the clarinet and saxophone in local bands and orchestras.

John, who has been away from work for the past month with an eye disability, also was presented a similar gold watch and service award at his home in Keyser by Hudson Nix, personnel manager. He is married to the former Naomi Wilt, a former Celanese employee, and they are the parents of a 12-year-old son who is considered a very good pianist for his age. John served two years with the U. S. Army in the Aleutian Islands during World War II.

Rep. Hyde has obtained a flag which flew over the Nation's Capital, for use in the ceremony and a Marine Corps color guard will conduct the first official flag raising.

Man Receives Fines On Game Violations

A Flintstone man yesterday was found guilty in Trial Magistrate Court of three game and fish law violations.

Magistrate J. Milton Dick found Ray Bruce Whorton guilty of having undersize fish in his possession, taking fish from a stream without a license and shooting fish in a stream with a rifle.

Whorton was fined \$35 on the first charge and \$10 on the second and \$100 on the third violation. Magistrate Dick, however, suspended the fines on the first two charges.

Games Warden Joseph J. Keating arrested Whorton along 15 Mile Creek.

J. K. Sullivan To Speak At PO Dedication

So. End Ceremony This Afternoon

James K. Sullivan, regional personnel manager for the United States Post Office Department, Washington, will be principal speaker at the dedication ceremony of the new South Cumberland post office this afternoon.

The new Station A facility is located at 119 Virginia Avenue and the program, according to

JAMES K. SULLIVAN

Postmaster Thomas F. Conlon, is scheduled for 2 p. m.

George Millenson, representing the sponsoring group, the South Cumberland Business Men's Association, will be master of ceremonies. The invocation will be offered by Rev. Kenneth W. Grove, pastor of Emmanuel Methodist Church and the benediction will be pronounced by Rev. Robert F. Hopkins, assistant pastor of St. Mary's Catholic Church.

U. S. Senator J. Glenn Beall and Rep. DeWitt S. Hyde, along with city and county officials, a group of postal employees and officials and a number of prominent business and professional men have been formally invited to attend the formal dedication.

Following the ceremony, the post office station will open for general public inspection with employees explaining the procedure in handling mail and conducting tours through the new, modern building.

Rep. Hyde has obtained a flag which flew over the Nation's Capital, for use in the ceremony and a Marine Corps color guard will conduct the first official flag raising.

Police have made arrangements to block off that section of Virginia Avenue for the ceremony and to handle traffic during the afternoon.

Mr. Sullivan is a native of Johnstown, Pa., and went with the Post Office Department from his duties as director of Industrial Relations for the Struthers Wells Corporation in Titusville, Pa. His previous business experience included 15 years with the Western Union Telegraph Company in Washington and New York, and the Pennsylvania Company, Johnstown paper manufacturers. Most of his service was in personnel areas, particularly employee relations.

He began his Federal employment with the Wage and Hour Division in July 1942. He served on active duty with the US Navy, 1942-47, with the rank of lieutenant. This duty included sea duty as Captain of SC 511 and shore duty as legal and labor relations officer for the Coal Mines Administration. Upon return to private life he served as an attorney for one year with the National Labor Relations Board.

Mr. Sullivan was educated in Johnstown Public Schools, Perkiomen School, and at Columbus University, Washington. He was awarded his LL.B. degree in 1941 and his LJM in 1942. He was admitted to the District of Columbia bar in 1941.
